County of Moore Board of Commissioners

November 30, 2018

To the Board of County Commissioners and Citizens of the County of Moore, North Carolina:

State law requires that every general-purpose local government publish within six months of the close of the fiscal-year a complete set of audited financial statements. This report is published for the fiscal year ended June 30, 2018.

County management assumes full responsibility of the completeness and reliability of the information contained in the report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Martin, Starnes and Associates, CPAs, P.A., Certified Public Accountants, have issued an unmodified opinion on the County of Moore's financial statements for the year ended June 30, 2018. The independent auditors' report is located at the front of the financial section of this report. Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The County of Moore was established in 1784 and is located in the Sandhills region of North Carolina. It has a land area of 706 square miles and an estimated population of 97,264. The County has a commissioner/manager form of government. The five members of the Board of Commissioners are elected at large from residential districts on a partisan basis and serve staggered four-year terms. Commissioners hold policy-making and legislative authority. They are also responsible for adopting the budget and appointing the County Manager, County Attorney, Tax Administrator and Clerk to the Board. The County Manager is responsible for implementing policies, managing daily operations and administering county personnel policies.

The County provides its citizens with a wide range of services that include public safety, sanitation, health and social services, water and sewer, cultural and recreational activities, general administration and others. This report includes all the County's activities in maintaining these services. The County also extends financial support to certain boards, agencies, and commissions to assist their efforts in serving citizens. Among these are the Moore County Board of Education and Sandhills Community College.

Local Economy

The County's economy is well diversified with significant healthcare, retirement, tourism, retail, agriculture and manufacturing sectors.

County residents enjoy a varied lifestyle with many activities available, a diverse host of attractions for entertaining guests, and a pleasant climate. Its location, being 65 miles to Raleigh, 326 miles to Washington, DC, 565 miles to New York City and 355 miles to Atlanta helps to make it an ideal retirement and business community.

The sales tax has increased compared to the prior years as a result of more consumer spending. The property tax collections are holding steady and we do not anticipate dropping below FY2018 collection levels.

Long-term financial planning

Unassigned fund balance in the general fund (20.35 percent of total general fund expenditures) is in compliance with the fiscal policies adopted by the Board of Commissioners for budgetary and planning purposes, which states that any amount over 17 percent will be transferred to the Capital Reserve Fund for future major capital projects to reduce the amount that will need to be borrowed to finance those projects.

Agriculture

The agricultural community in the County is served by several groups including: Cooperative Extension, Farm Service Agency, Natural Resource Conservation Service and the Soil and Water Conservation District. The Farm Bureau and Piedmont Farm Credit also serve the agricultural community. The agencies mentioned continue to develop programs that will reduce our reliance on the tobacco market, which remains one of our top three crops. Efforts are being made in the areas of cooperative marketing and agritourism. Agritourism may also provide opportunities for generating additional income on farm land from the tourist market already present in the County. The County was ranked 8th among counties in the State in poultry production with 30,900,000 head, worth approximately \$110,000,000 in 2012.

Tourism

The suppliers of tourism assets and services in the County are well known and quite diverse, ranging from four-star self-contained golf resorts to independent restaurants and family owned motels. Supporting the destinations appeal are 40 golf courses, which are consistently ranked in the top echelon of golf courses within the state and country. The Convention and Visitors Bureau (CVB) serves as the destination marketing & management organization for the County, responsible for promoting the area for meetings and conventions, sporting events, and leisure travelers. Visitors to this destination spent over \$491.28 million dollars in 2017, which generated \$39.87 million in state and local taxes as well as supporting 5,730 direct jobs, making the County the 11th largest tourism economy in North Carolina.

The strong tourist economy, along with a community-wide effort including the CVB, helped the Pinehurst Resort and the County obtain the rights to host the 1994 U.S. Senior Open; the 2009 U.S. Amateur Open, the 2014 U. S. Women's Open as well as the 1999, 2005, and 2014 U.S. Men's Open Championships along with the 1996, 2001 and 2007 U.S. Women's Open at Pine Needles Resort. Pinehurst Resort will host for the fourth time the 2024 U.S Men's Open Championship. These championships have increased the County's exposure tremendously, and have improved upon an already strong tourism economy. The tourism industry continues to seek new ways to further diversify its business by adding family-friendly amenities and new initiatives and products such as agri-tourism and amateur sports tourism to the mix.

Retirement

The County's retirement sector is very important to the local economy, over 25% of the County's population is over 65. The County has an above average number of older residents and a higher per capita income than the State average. Many seniors enjoy retirement communities and assisted living facilities as part of their lifestyle.

Manufacturing

Incorporated in 2002 as a 501(c)(3) nonprofit entity, Moore County Partners in Progress (PIP) brings public and private interests together to provide economic development services for all of the County. The County makes an annual contribution to support PIP's operating budget and mission of increasing the number of new jobs and capital investment in the County through new industry recruitment, existing industry expansion and retention, and entrepreneurial development.

Relevant Financial Policies

County management is responsible for the accounting system and for establishing and maintaining an internal control structure. The internal control structure is designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements in conformity with accounting principles generally accepted in the United States of America and maintaining accountability for assets; and (3) compliance with applicable laws and regulations related to federal and state financial assistance programs. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

The government's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, all deposits were either insured by federal depository insurance or collateralized. All of the investments held by the government at June 30, 2018 are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board.

The Manager's budget provides a sound basis and balanced budget plan for managing the fiscal year's revenues and expenditures across all fund types and has been developed with the guiding principles of maintaining the current tax rate, funding necessary capital expenditures with the capital reserve fund, protecting the risk management fund, and reviewing the potential for reduction of positions through attrition.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Moore for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2017. This was the 30th consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficient organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

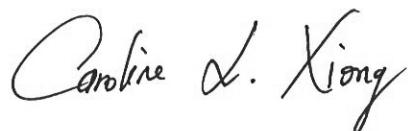

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire Financial Services staff. We wish to express appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit also must be given to the Board of Commissioners for their support of the aforementioned projects.

Respectfully submitted,

Wayne Vest

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Moore County
Carthage, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Moore County, North Carolina as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Moore County ABC Board, which represents 56%, 55%, and 69% of the assets, net position, and revenues, respectively, of the aggregate discretely presented component units. Those financial statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Moore County ABC Board, is based solely on the report of the other auditor. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Moore County ABC Board and the Moore County Convention and Visitors Bureau were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Moore County, North Carolina as of June 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 16 to the financial statements, for fiscal year ended June 30, 2018 the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Post-Employment Benefits' Schedules of Changes in the Total OPEB Liability and Related Ratios, the Local Government Employees' Retirement System Schedules of the Proportionate Share of the Net Pension Asset (Liability) and Contributions, the Register of Deeds' Supplemental Pension Fund Schedule of the Proportionate Share of the Net Pension Asset (Liability) and Schedule of Contributions, and the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, and be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Moore County's basic financial statements. The introductory information, combining and individual fund financial statements, budgetary schedules, supplemental ad valorem tax schedules, other supplemental schedules, and statistical section as well as the accompanying Schedule of Expenditures of Federal and State Awards as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, supplemental ad valorem tax schedules, other supplemental schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, supplemental ad valorem tax schedules, other supplemental schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018 on our consideration of Moore County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Moore County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Moore County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As the management team of the County of Moore (the County), we offer readers of the County of Moore's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2018. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-iii of this report.

Financial Highlights

- The total assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$64,704,925 (*net position*).
- The Government's total net position increased by \$3,677,810 primarily due to increased net position in the Governmental Activities. As of June 30, 2018, the County incurred a liability of \$35,474,888 in post-employment benefits and \$4,703,008 in landfill closure and post-closure care costs.
- At the close of the fiscal year, the County's governmental funds reported combined ending fund balances of \$91,237,295, an increase of \$31,935,195 in comparison with the prior year. Approximately 45.36% of this total amount or \$41,386,634 is restricted or non-spendable.
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$18,231,652, or 20.35% of total general fund expenditures for the fiscal year. The 12.35% over the minimum recommended by the LGC is \$11,063,818.
- The County of Moore's total debt increased by \$19,439,264 or 11.02% during the fiscal year, primarily due to a 2018 note payable for the New Area 1 K-5 Elementary School. The amount of the note payable that was issued for the Area 1 K-5 Elementary School was for \$31,000,000.
- In August 2018, the rating agencies Standard and Poor's raised the County's credit rating from AA to AA+ and Moody's affirmed that the County maintains its Aa2 bond ratings on the County's existing GO debt due to a stable outlook.

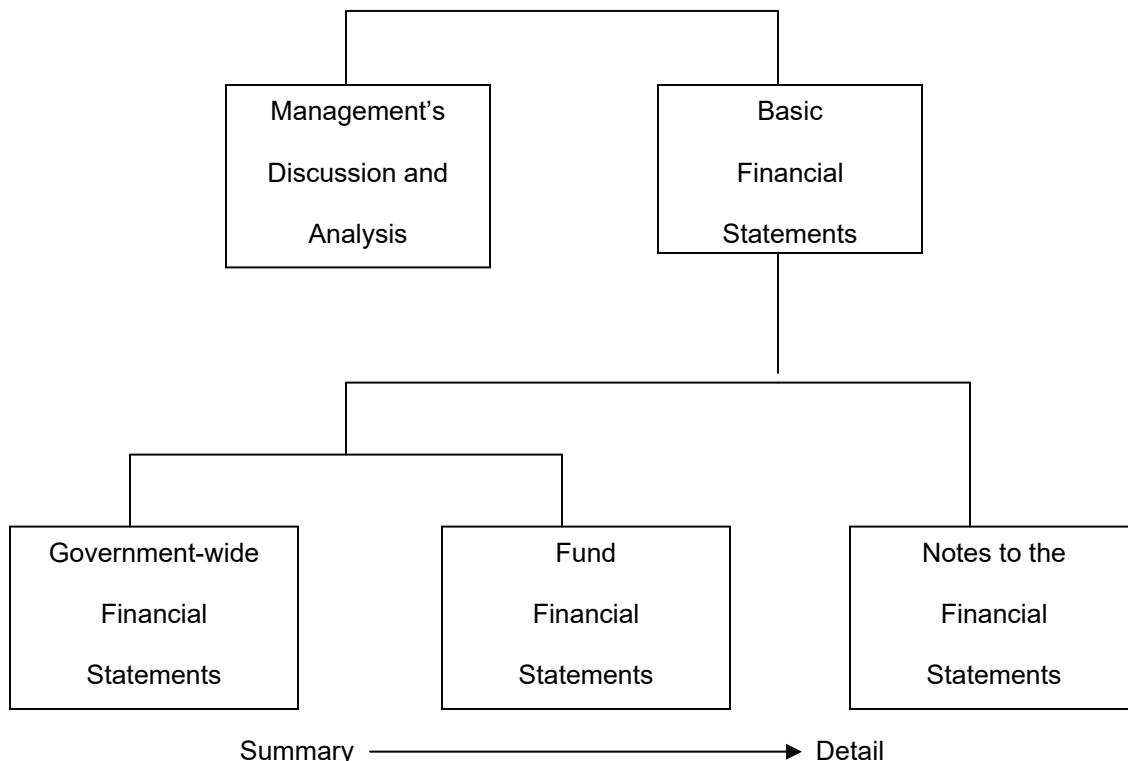

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the County of Moore.

(Remainder of page left blank intentionally)

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Pages 14 and 15) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Pages 16 through 24) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary (agency) fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non major governmental funds and intragovernmental funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, in a manner similar to a private-sector business. The two government-wide statements report the County's net position and how they have changed. Net positions are the difference between the County's total assets and deferred outflows of resources

and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories:

- 1) Governmental activities;
- 2) Business-type activities; and,
- 3) Component units.

The governmental activities include most of the County's basic services such as public safety, environmental protection and community development, human services, cultural and recreational, education, and general government. Property taxes, sales taxes, and state and federal grant funds finance most of these activities.

The business-type activities are those for which the County charges customers to provide. These include the water pollution control plant and public utilities services offered by the County, as well as the East Moore Water District.

The final category is the component units. The component units include the Convention and Visitors Bureau, which promotes the development of travel, tourism and conventions in the County; the Moore County Alcoholic Beverage Control (ABC) Board, which distributes a portion of its surpluses to the County; and the Moore County Airport Authority, which operates an airport facility owned by the County.

The government-wide financial statements are on Pages 14 and 15 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Moore, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of the County can be divided into three categories: governmental, proprietary, and fiduciary (agency) funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting which provides a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The County of Moore adopts an annual budget for its General Fund as required by the N.C. General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board of Commissioners about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the Budget Ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the Statement of Revenues, Expenditures and Changes in Fund Balance. The

statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board of Commissioners; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – The County of Moore has two kinds of proprietary funds; Enterprise and Intragovernmental funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County of Moore uses Enterprise Funds to account for its water and sewer activities. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. Intragovernmental funds are an accounting device used to accumulate and allocate costs internally among the functions of the County. The County uses intragovernmental funds to account for one activity: the Self Insurance Fund. Because these operations benefit predominately governmental rather than business-type activities, the intragovernmental funds have been included within the governmental activities in the government-wide financial statements.

Fiduciary Funds – Agency funds are used to account for assets the County holds on behalf of others by contract, law or agent. The County has two agency funds: Social Services/Sheriff Accounts Fund and Special Tax Districts Fund.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 25-73 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 74 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a Government's financial condition. The assets and deferred outflows of resources of the County of Moore exceeded liabilities and deferred inflows of resources by \$64,704,925 as of June 30, 2018. The County's net position increased by \$3,677,810 for the fiscal year ended June 30, 2018. One significant component of the County's net position is its net investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the County's net position \$41,606,510 represents resources that are subject to external restrictions on how they may be used. The remaining deficit balance of (\$52,600,891) is unrestricted.

As with many counties in the State of North Carolina, the County's deficit in unrestricted net position is due primarily to the portion of the County's outstanding debt incurred for use by the Moore County Schools and Sandhills Community College. The County is responsible for providing capital funding for the schools and college. The County has chosen to meet its obligation to provide schools and college capital funding by using a mixture of County funds and general obligation debt. The assets funded by the County, however, are owned and utilized by the schools and college. Since the County, as the issuing government acquires no capital assets the County has incurred a liability without a corresponding increase in assets. At the end of the fiscal year, approximately \$74,350,000 of the outstanding debt on the County's financial statements was related to assets included in the schools and colleges financial statements.

The County implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, in the fiscal year ending June 30, 2018. The implementation of the statement required the County to record beginning total OPEB liability and the effects on net position of benefit payments and administrative expenses paid by the County related to OPEB during the measurement period (fiscal year ending December 31, 2017). Beginning deferred outflows and inflows of resources associated with the implementation were excluded from the restatement. As a result, net position for the governmental activities decreased \$17,192,328 and \$1,786,847 for the business-type activities.

Several particular aspects of the County's financial operations positively influenced the total unrestricted governmental net position:

- Continued diligence in the collection of real property taxes by maintaining a collection percentage above 99%.
- Conservative revenue projections for the 2017-2018 budget cycle based upon the local economy and local trends
- Continued low cost of debt due to the County's AA+/Aa2 bond ratings

Net position, June 30	\$ 21,504,328	\$ 36,339,787	\$ 43,200,597	\$ 42,517,231	\$ 64,704,925	\$ 78,857,018

Governmental activities: Governmental activities increased the County's net position by \$2,356,869. Key elements of this increase are as follows:

- Increase in sales tax by 1.97% from the prior year due to an increase in local retail sales.
- Maintenance of the County's high tax collection rate of 99%.
- Increase in investment income due to improved interest rates.

Business-type activities: Business-type activities increased the County of Moore's net position by \$1,320,941. Key elements of this increase are as follows:

- Public Utilities and East Moore Water District both had contributed capital related to water distribution and/or sewer collection systems. This donated capital was from new construction and developments in the County.

Financial Analysis of the County's Funds

As noted earlier, the County of Moore uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the County of Moore's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the County's financing requirements. Specifically, fund balance available for appropriations can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the County of Moore. At the end of the current fiscal year, the County's fund balance available in the General Funds was \$25,709,730, while total fund balance reached \$34,495,050. The Governing Body of the County of Moore has determined that the County should maintain an available fund balance of 17% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The County currently has an available fund balance of 28.69% of general fund expenditures, while total fund balance represents 38.50% of the same amount.

At June 30, 2018, the governmental funds of the County of Moore reported a combined fund balance of \$91,237,295 with a net increase in fund balance of \$31,935,195. Included in this change in fund balance are increases in fund balance for the School/College Capital Bond Project Fund. On January 18, 2018, the County of Moore issued the School, Series 2018 Installment Purchase for the amount of \$31,000,000 at a fixed interest rate of 2.95%. The capital project is to design and build a new K-5 Elementary School in Area I.

The General Fund's net increase in fund balance by \$5.4 million is mainly due to the following reasons:

- Increase of sales tax by 1.97% from the prior year.
- Register of Deeds collected over \$285,000 more than the prior year due to an increase in land records (state and county tax stamps).
- Code enforcement fees increased by \$147,336 compared to the prior year due to an increase in additional permits issued for new residential and commercial permits.
- A decrease of \$1,878,813 in debt payments primarily due to prior years' school bond refundings.
- Investment income increased by \$586,770 due to higher interest rates on investments.

General Fund Budgetary Highlights: The County approaches the budget with fact based estimates of revenues and expenditures. Revenues were conservatively forecast. During the budget execution phase, a combination vacant position analysis and less robust hiring process were effectively used to hedge against unforeseen revenue shortfalls. The result was that, actual revenues were \$5.7 million or 6.34% over budget while actual expenditures were \$2.8 million or 3.04% under budget.

During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal

and State grants; and, 3) increases in appropriations that become necessary to maintain service levels. Total amendments to the General Fund decreased revenues by \$1,483,107.

Proprietary Funds: The County of Moore's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water Pollution Control Plant at the end of the fiscal year amounted to \$8,133,837; those for the Public Utilities Fund equaled \$10,449,172; and those for the East Moore Water District totaled \$1,391,767. The change in net position for the funds was \$645,875; \$927,238; and (\$252,172), respectively.

Capital Asset and Debt Administration

Capital assets: The County of Moore's capital assets for its governmental and business-type activities as of June 30, 2018, totals \$135,477,885 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, airport and park facilities, water and sewer systems, a water pollution control plant, and vehicles.

Major capital asset transactions during the year include:

- Vehicle upgrades
- Construction of the Backup 911 Center and Locution Prime Alert System
- Elections building project
- IT server infrastructure
- Public Utilities and East Moore Water District received contributed capital in the form of infrastructure.

	\$ 146,849,429	\$ 124,948,275	\$ 48,954,556	\$ 51,416,446	\$ 195,803,985	\$ 176,364,721

The County of Moore's total debt increased by \$19,439,264 or 11.02% during the fiscal year, primarily due to the issuance of a note for the Area 1 Elementary School. .

As mentioned in the financial highlights section of this document, County of Moore's bond ratings were upgraded in August 2018 to AA+ rating from Standard and Poor's Corporation and maintained its Aa2 Moody's rating for General Obligation Bonds. This bond rating is an indication of the sound financial condition of the County. County of Moore's bond ratings are a primary factor in keeping interest costs low on the County's outstanding debt.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the County of Moore is \$785,179,721.

Additional information regarding the County of Moore's long-term debt can be found in note 9 on pages 61-69 of this report.

Economic Factors and Next Year's Budgets and Rates

The County of Moore's economy remains strongly rooted in healthcare, tourism, retirement and agriculture.

The County of Moore's standard of living continues to be one of the highest in North Carolina on average. However, there remain large variances countywide. The per capita income for 2016 was \$45,181. As of June 2018, our unemployment rate was 4.02%.

The total tax base which includes real property, personal property, motor vehicles and public service company values remained relatively unchanged from 2017 to 2018. Due to the past economic recession and slow recovery process, the FY2019 budget will remain modest as have budgets in recent years. It is anticipated that the property tax revenue, as well as the sales tax will be steady during FY2019. The 10 Year Capital Improvement Plan will be altered to align the plan goals with the fiscal reality.

Budget Highlights for the Fiscal Ending June 30, 2019

Governmental Activities: The County continued to employ a fiscally conservative approach in preparing and adopting the fiscal year 2019 County Budget, an approach that has proven to be very effective and beneficial through the economic downturn and extended recovery. Property tax revenue is a significant revenue source for the County General Fund and the fiscal year 2019 budget was developed using tax values resulting from January 1, 2015 County-wide valuation. The fiscal year 2019 budget held the property tax rate the same at .465/\$100, which is a solid indication of the County leaders' commitment to thoroughly evaluate budget requests, fund necessary operations, and keep the tax burden as low as possible. The County has developed a dashboard of critical measures for each operation that are regularly monitored, reported monthly, and posted on the County website. These measures provide a high level of insight into how effectively and efficiently the County is operating throughout the fiscal year. County staff also closely monitors revenues and expenditures as the budget year progresses and as the fiscal year 2019 budget begins. Revenues are trending slightly higher than projected while expenditures are expected to be lower than projected.

Business-type Activities: Water and sewer rates increased for FY2019 due to a water/sewer rate study. The new fee schedule will include a System Development Fees (SDF) which takes into account the impact of existing systems created by new taps. SDF fees will be used to help fund for future capital projects.

Requests for Information

This report is designed to provide an overview of the County of Moore's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Financial Services, County of Moore, Post Office Box 905, 206 South Ray Street, Carthage, North Carolina, 28327.

COUNTY OF MOORE, NORTH CAROLINA

**Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Fiscal Year Ended June 30, 2018**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 31,935,195
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expense exceeds depreciation expense.	(2,580,170)
Donated capital assets are not reported as an increase in financial resources in the fund statements.	224,000
Expenses reported on fund statements that are capitalized on government-wide statements - refunding costs.	(403,803)
Contributions to the pension plan (LGERS, ROD) in the current fiscal year are not included on the Statement of Activities	1,912,922
Benefit payments and administration costs for LEOSSA are derred outflows of resources on the Statement of Net Position	152,082
Benefit payments and administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	421,415
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	34,115
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(3,904,662)
Accrued interest payable on long-term debt is not a current expenditure and therefore is not reflected in the funds.	(387,043)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(25,198,057)
Internal service funds are used by management to charge the costs of property management, management information services and risk management costs to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	150,875
Change in net position of governmental activities	\$ 2,356,869

**County of Moore, North Carolina
Notes to the Financial Statements
For the Fiscal Year Ended
June 30, 2018**

Note 1.

Summary of Significant Accounting Policies

The accounting policies of the County of Moore and its discretely presented Component Units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a five-member Board of Commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its Component Units, legally separate entities for which the County is financially accountable. One Component Unit of the County has no financial transactions or account balances; therefore, it does not appear in the financial statements. The blended Component Units, although they are legally separate entities, are, in substance, part of the County's operations. The three discretely presented component units below are reported in separate columns in the County's government-wide financial statements in order to emphasize that they are legally separate from the County.

Discretely Presented Component Units:

Component Units – Governmental Fund Types

Convention and Visitors CVB

The Convention and Visitors Bureau (CVB) is a public authority with the purpose of promoting the development of travel, tourism and conventions in the County, through state, national and international advertising and promotion. The CVB is funded by a local occupancy tax since the County Board of Commissioners adopted a resolution levying this tax on May 14, 1987 in Senate Bill 138. In June 2011, the General Legislature amended this legislation by House Bill 545. The CVB is directed by a nine-member Board of Directors appointed by the County Commissioners.

Complete Financial Statements for the Convention and Visitors Bureau may be obtained at the administrative office listed below.

Convention and Visitors Bureau
65 Community Road
Pinehurst, NC 28374

Moore County Industrial Facility and Pollution Control Financing Authority

Moore County Industrial Facility and Pollution Control Financing Authority (Authority) exists to issue and serve revenue bond debt of private businesses for economic development purposes. The Authority is governed by a seven-member Board, all of whom are appointed by the County Commissioners. The County can remove any member of the Board with or without cause. The Authority has no financial transactions or account balances; therefore, it is not presented in the government-wide financial Statements. The Authority does not issue separate Financial Statements.

The Component Units – Governmental Fund types are accounted for by the County. All accounting and other administrative functions are administered by the County. These Units are audited in conjunction with the County.

Component Units – Proprietary Fund Types

Moore County ABC Board

The members of the Moore County ABC Board (ABC Board) are appointed by the County Commissioners. The ABC Board is required by state statute to distribute its surpluses to the County and the various municipalities within the County.

Moore County Airport Authority

Moore County Airport Authority (Airport Authority) was established by the North Carolina General Assembly. The five members of the Airport Authority are appointed by the County Commissioners. The Airport Authority operates a facility owned by the County.

Complete Financial Statements for the ABC Board and the Airport Authority may be obtained at their respective administrative offices listed below.

Moore County ABC Board
273 N. E. Broad Street
Southern Pines, NC 28387

Moore County Airport Authority
7825 Aviation Drive
Carthage, NC 28327

Blended Component Units:

Component Units – Proprietary Fund Types

East Moore Water District

On December 18, 2000 the Board of County Commissioners, by resolution, formed the East Moore Water District (EMWD) to provide municipal water services for a specified district in eastern Moore County. The Component Unit's governing body is substantively the same as the governing body of the primary government, and the County has the operational responsibility of EMWD. The Board of County Commissioners serves as the EMWD Board of Directors. The district does not issue separate financial statements.

North West Moore Water District

On July 21, 2003 the Moore County Board of Commissioners, by resolution, formed the North West Moore Water District (NWMWD) to provide municipal water services for specified districts in the northern and western areas of the County. The Component Unit's governing body is substantively the same as the governing body of the primary government, and the County has the operational responsibility of NWMWD. The Board of County Commissioners serves as the NWMWD Board of Directors. On May 25, 2004, \$16,000,000 bonds were authorized, and no bonds were issued. The district does not issue separate financial statements nor did the district have any transactions for the year ended June 30, 2018.

B. Basis of Presentation – Fund Accounting

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government (the County) and its Component Units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program.

Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The Fund Financial Statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary Fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds:

General Fund – This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, sales taxes, Federal and State grants, and various other taxes and licenses. The primary expenditures are for public safety, planning, human services, cultural and recreational projects, education, and general government services. The Capital Reserve Fund for Debt Service does not meet the legal requirements under North Carolina General Statutes 159-18; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the General Fund.

School/College Project – Accounts for the acquisition, construction and rehabilitation of facilities for Moore County Public Schools and Sandhills Community College.

Capital Reserve for Governmental Projects – Accounts for financial resources to be used for future capital expenditures including County facilities and schools/community college. The Capital Reserve for Governmental Projects does not meet all the legal requirements under North Carolina General Statutes 159-18.

The County reports the following non-major governmental funds:

Emergency Medical Services Fund – Accounts for emergency medical services development and operation costs funded by the advanced life support tax and insurance billing of non-County taxpayers.

Emergency Telephone System Fund – Accounts for the revenues and expenditures related to the County's emergency 911 telephone system.

Soil & Water District Fund – Accounts for the revenues and expenditures related to the Soil & Water District Fund.

2015 Dixie Softball World Series Fund – Accounts for the revenue sources and expenditures related to 2015 Dixie Softball World Series Fund.

Grants Fund – Accounts for the revenue sources and expenditures related to multi-year federal/state grants and private contributions.

Moore County Transportation Services Fund (MCTS) – Accounts for transportation of citizens and clients of county agencies funded by user fees, as well as federal and state grants.

Moore County Fire District Fund – Accounts for the collection and distribution of property taxes for Fire Districts.

Airport Project – Accounts for the costs to rehabilitate and expand the Moore County Airport.

Community Development Block Grant (CDBG) – Accounts for grant proceeds and local matching funds for community revitalization, as well as water and sewer capital improvements.

County Buildings Project – Accounts for resources and costs associated with the purchase and construction of a new Public Safety Complex and Detention Center.

Emergency Communication Narrow Banding Project – Accounts for resources and costs associated with the Emergency Communication Narrow Banding Project.

New Courthouse Building Project – Accounts for resources and costs associated with the New Courthouse Building Project.

Parks & Recreation Project – Accounts for resources and costs associated with a new Parks & Recreation facility.

Elections Building Project – Accounts for resources and costs associated with the Elections Building Project.

Cell 6 Landfill Expansion Project – Accounts for resources and costs associated with the expansion of Cell 6 at the Landfill.

Capital Reserve for Capital Projects For Sandhills Community College (SCC) - Accounts for financial resources to be used for future capital expenditures related to the community college. The Capital Reserve for Capital Projects For Sandhills Community College (SCC) does not meet all the legal requirements under North Carolina General Statutes 159-18.

Capital Reserve for Debt Service For Sandhills Community College (SCC) - Accounts for financial resources to be used for future debt service needs related to the community college. The Capital Reserve for Debt Service For Sandhills Community College (SCC) does not meet all the legal requirements under North Carolina General Statutes 159-18.

Capital Reserve for Debt Service For Moore County Schools (MCS) - Accounts for financial resources to be used for future debt service needs related to the Moore County Schools. The Capital Reserve for Debt Service For Moore County Schools (MCS) does not meet all the legal requirements under North Carolina General Statutes 159-18.

The County reports all of its enterprise funds as major:

Water Pollution Control Plant Fund

WPCP Operations - Accounts for the operation of the Moore County Water Pollution and Control Plant.

WPCP Capital Project Fund - Accounts for the multi-year capital projects such as improving and expanding the Water Pollution Control Plant. This fund is consolidated into the WPCP Fund.

WPCP Capital Reserve Fund - Accounts for financial resources to be used for future capital expenditures such as improving and expanding the Water Pollution Control Plant. This fund is consolidated into the WPCP Fund.

Interceptor Sewer Rehabilitation Capital Project Fund – Accounts for the costs related to the Interceptor Sewer Rehabilitation Capital Project funded with North Carolina State Emergency Revolving Loan through the North Carolina Department of Environmental Quality and local funds. This fund is consolidated into the WPCP Fund.

Public Utilities Fund

Public Utilities Operations - Accounts for the operation of the County's water distribution and sewer collection system.

Public Utilities Capital Reserve Fund - Accounts for financial resources to be used for future capital expenditures such as improving and expanding the Public Utilities Fund. This fund is consolidated into the Public Utilities Fund.

2010 LOB Public Utilities Capital Project Fund - Accounts for the costs related to construction and acquisition of Pinehurst Water Tank, Radio Read Meters, Old Town Sewer Rehabilitation and the Lake Pinehurst Sewer Rehabilitation funded by the Limited Obligation Bond issued on October 7, 2010. This fund is consolidated into the Public Utilities Fund.

Midland Road Waterline Upgrade Capital Project Fund - Accounts for the costs related to the Midland Road Waterline Upgrade project funded by private contributions, local funds and NC Rural Center Grant. This fund is consolidated into the Public Utilities Fund.

Vass Wastewater System Improvement Capital Project Fund - Accounts for the costs related to the Vass Wastewater System Improvement project funded by local funds and NC Rural Center Grant. This fund is consolidated into the Public Utilities Fund.

Lift Station 3-4 Replacement Capital Project Fund - Accounts for the costs related to the Lift Station 3-4 Replacement Capital Project funded with the Clean Water State Revolving Fund Loan through the North Carolina Department of Environmental Quality. This fund is consolidated into the Public Utilities Fund.

Edgewood Terrace Water Main Capital Project Fund - Accounts for the costs related to the Edgewood Terrace Water Main Capital Project funded with the Clean Water Bond Supplemental Grant program through the North Carolina Rural Economic Development Center and local funds. This fund is consolidated into the Public Utilities Fund.

2013 Water Source Capital Project Fund - Accounts for the costs related to the 2013 Water Source for the Harnett County portion of the project funded with local funds. This fund is consolidated into the Public Utilities Fund.

Public Works Capital Project Fund - Accounts for the costs related to several projects such as the pump stations, SCADA Improvements and water and sewer line extensions funded with local funds. This fund is consolidated into the Public Utilities Fund.

Vass Phase II Sewer System Improvements Capital Project Fund - Accounts for the costs related to the Vass Phase II Sewer System Improvements project which will include sewer service to the unsewered portion of the Town of Vass funded by local funds and USDA Revenue Bonds. This fund is consolidated into the Public Utilities Fund.

East Moore Water District Fund

East Moore Water District Operations - Accounts for the construction and operations of the East Moore Water District.

East Moore Water District Capital Reserve Fund - Accounts for financial resources to be used for future capital expenditures such as improving and expanding the East Moore Water District Fund. This fund is consolidated into the East Moore Water District Fund.

The County reports the following fund types:

Internal Service Funds - Internal Service Funds are used to account for operations that provide services to other departments or agencies for the government, on a cost-reimbursement basis. The County has one Internal Service Fund: the Self-Insurance Fund.

Agency Funds - Agency Funds are custodial in nature and do not involve the measurement of operating results. Agency Funds are used to account for assets the County holds on behalf of others. The County maintains two Agency Funds: the Social Services/Sheriff Account Fund, which accounts for monies deposited with the Department of Social Services for the benefit of certain individuals and an account for monies held for individuals involved in civil court cases; and the Special Tax Districts Fund, which accounts

for the collection and disbursement for special taxing districts and municipalities for which the County acts as agent. These funds are billed and collected by the County for various municipalities and special districts within the County but are not revenues to the County.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except agency funds which do not have a measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Information

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the general, special revenue, enterprise, and internal service funds. All annual appropriations lapse at fiscal year-end. Project ordinances are adopted for the Capital Project Funds and Grant Project Funds. In the special revenue funds, there are two funds "2015 Dixie Softball World Series fund" and the "Grants fund" that are not annually budgeted because they are multi-year projects.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the fund level for the general, special revenue, enterprise and internal service funds, and at the project level for the multi-year funds. The County Manager is authorized by the budget ordinance to transfer amounts within a fund without limitation but shall report them to the Board of Commissioners. The County Manager may also transfer amounts up to and including \$50,000 between the General Fund and other funds with a monthly report on such transfers to the County Commissioners. During the year several amendments to the original budget became necessary, the effects of which were not material.

A budget calendar is included in the North Carolina General Statutes that prescribes the last day on which certain steps of the budget procedures are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed:

April 30	Each department head will transmit to the budget officer the departmental budget requests and revenue estimates for the budget year.
June 1	The budget and the budget message shall be submitted to the County Commissioners. The public hearing on the budget should be scheduled at this time.
July 1	The budget ordinance shall be adopted by the County Commissioners.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant areas where estimates are made are allowance for doubtful accounts and depreciation lives.

F. Deposits and Investments

All deposits of the County and its Component Units are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and its Component Units may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and its Component Units may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30c] authorizes the County and its Component Units to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed Federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The securities of the NCCMT Government Portfolio, a SEC-Registered (2a-7) government money market fund, is measured at amortized cost, which is NCCMT's share price. The NCCMT- Term Portfolio's securities are valued at fair value.

G. Cash and Cash Equivalents

The County, Airport, and CVB pool monies from several funds to facilitate disbursement and investment and maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. ABC Board considers demand deposits and investments purchased with an original maturity of three months or less, that are not limited as to use, to be cash and cash equivalents.

H. Restricted Assets

The unexpended proceeds of the School/College Bond Project general obligation bonds are classified as restricted cash for the Capital Project Fund because their use is completely restricted to the purpose for which the bonds were originally issued. The funds, which total \$29,170,381, are invested in the North Carolina Capital Management Trust.

The County Buildings Project Fund has a balance of \$600 restricted for future interest debt service payments related to the project. The funds are invested in the North Carolina Capital Management Trust.

The Grants fund also has a cash balance of \$621,872. They are classified as restricted because their use is restricted to the purpose for which the grants and contributions were originally awarded. The funds are invested in a First Bank checking account.

The General Fund also has \$353,833 cash restricted for Medicaid expenses purposes in the Health department. The amount of \$207,999 was also restricted for Tax Revaluation and is classified as restricted cash because its use is restricted per North Carolina General Statute 153A-150. \$222,865 was restricted for Register of Deeds per North Carolina General Statute 161-11.3 to be expended on computer and imaging technology. Finally, there is a balance of \$532,450 for the White Goods Account and is restricted for the management of discarded white goods per North Carolina General Statute 130A-309.82. These funds are invested in a First Bank checking account and the North Carolina Capital Management Trust.

Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Public Utilities fund and EMWD have \$537,999 and \$137,450 in customer deposits, respectively.

I. Ad Valorem Taxes Receivable and Deferred Revenues

In accordance with State law [G.S. 105-347 and 159-13(a)], the County levies ad valorem taxes, except for ad valorem taxes on certain vehicles, on July 1, the beginning of the fiscal year, and these taxes are due on September 1 (lien date); however, no interest or penalties are assessed until the following January 6. The taxes are based on the assessed values as of January 1, 2017. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

J. Allowances for Doubtful Accounts

The County and its Component Units provide credit, in the normal course of business to residents primarily located in the County of Moore, North Carolina. All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

K. Inventory

Inventory in the General Fund consists of supplies that are valued at cost using the average cost method.

The CVB had no inventory as of June 30, 2018. The ABC Board and the Airport Authority carry inventory for resale. This inventory is valued at the lower of cost (FIFO) or market.

L. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

M. Capital Assets

Minimum capitalization costs for the year ending June 30, 2018, were \$5,000 for all classes of assets. The County's purchased or constructed capital assets with an original cost of greater than \$5,000 are recorded at historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2002, consist of water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at cost.

The County holds title to certain Moore County Board of Education properties which are not included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Board of Education.

Capital assets of the County and CVB are depreciated over their useful lives on a straight-line basis as follows:

Buildings	10 – 50 years
Water and sewer systems	10 – 50 years
Furniture and equipment	3 – 5 years
Vehicles	5 years
Computer Software	5 years

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

Buildings	17 – 40 years
Furniture/equipment	3 – 7 years
Vehicles	5 years
Building improvements	15 years

All assets acquired prior to July 1, 1994 including buildings, hangars, runways, and other capital assets used by the Airport Authority are owned by the County of Moore. Non-grant equipment and furnishings acquired after July 1, 1994 are recorded by the Airport Authority at original cost at the time of acquisition. The Airport Authority's equipment and furnishings are depreciated using the straight-line method over a five-year period and a fifteen-year period for building improvements.

N. Deferred outflows/inflows of resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion – a charge on refunding, pension and contributions made to the OPEB or pension plans in the current fiscal year. In addition to liabilities, the statement of net position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has several items that meet the criterion for this category - prepaid taxes, property tax receivable, EMS receivable, and OPEB and pension related deferrals.

O. Long-term Debt

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. In the

fund financial statements for governmental fund types, the face amount of debt issued is reported as "other financing source."

P. Compensated Absences

The vacation policies of the County and its Component Units provide for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. If a County employee has more than thirty (30) days vacation accumulated at December 31, the excess amount above thirty (30) days is converted into sick leave and added to the employee's sick leave accumulation. For the County's government-wide and proprietary funds, and the ABC Board, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The sick leave policies of the County and its Component Units provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities has any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made by the County or its Component Units.

Q. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The Governmental Fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance-This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors, grantors or imposed by law.

Restricted for Stabilization of State Statute - portion of fund balance that is restricted by State Statute [G.S. 159-8(a)]. This primarily represents outstanding receivables and encumbrances.

Restricted for Health – Medicaid Assistance Program - portion of fund balance that is restricted by revenue source for Health – Medicaid Assistance Program expenditures.

Restricted for Solid Waste – White Goods Program - portion of fund balance that is restricted by revenue source for solid waste – White Goods Program expenditures.

Restricted for Register of Deeds - portion of fund balance that is restricted by revenue source to pay for the computer equipment and imaging technology for the Register of Deeds' office.

Restricted for Education/Financing Agreement Compliance - portion of fund balance that is restricted because they are unexpended debt proceeds.

Restricted for Emergency Telephone System - portion of fund balance that is restricted by revenue source for Emergency Telephone System expenditures.

Restricted for Fire Protection - portion of fund balance that is restricted by revenue source for fire protection expenditures.

Restricted net position on the Statement of Net Position varies from restricted fund balance on Governmental Funds by the amount of the restriction for the Register of Deeds' pension plan of \$314,270.

Committed Fund Balance - This classification includes portion of fund balance that can only be used for specific purpose imposed by majority vote of County's governing body (highest level of decision-making authority). The Board of Commissioners is the highest level of decision-making authority for the County that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for Tax Revaluation - portion of fund balance that can only be used for Tax Revaluation.

Committed for airport capital project - portion of fund balance that can only be used for airport capital expenditures such as the Airport Project fund.

Committed for debt service – portion of fund balance that can only be used for future debt service.

Committed for general government - portion of fund balance that can only be used for general government expenditures such as the County Buildings Project fund and future capital projects.

Committed for public safety - portion of fund balance that can only be used for public safety expenditures such as the Emergency Communication Narrow Banding Project and the New Courthouse Building Project.

Committed for environmental protection and community development - portion of fund balance that can only be used for environmental protection expenditures per the Community Development Block Grant.

Committed for cultural and recreational - portion of fund balance that can only be used for cultural and recreational expenditures.

Assigned Fund Balance - portion of fund balance that has been constrained to reflect the County's intended use of resources. These constraints are assigned by the Board of Commissioners or their designee.

Assigned for public safety - portion of fund balance that has been budgeted by the board for public safety expenditures.

Assigned for risk management - portion of fund balance that has been budgeted by the board for the risk management fund for future medical claims.

Assigned for court project - portion of fund balance that has been budgeted by the board for the new court building project to partially fund the architect and construction costs.

Assigned for environmental protection – portion of fund balance that has been budgeted by the board for environmental protection expenditures such as solid waste and soil and water.

Assigned for human services - portion of fund balance that has been budgeted by the board for human services expenditures such as transportation services.

Assigned for parks & recreation capital project - portion of fund balance that has been budgeted by the board for the parks & recreation capital project to partially fund the architect and construction costs.

Assigned for county general capital expenditures - portion of fund balance that has been budgeted by the board for general county capital expenditures.

Assigned for digital learning - portion of fund balance that has been budgeted by the board for digital learning expenditures for Moore County Schools.

Assigned for vehicles - portion of fund balance that has been budgeted by the board for purchasing new vehicles/equipment for the Sheriff and other county departments.

Unassigned Fund Balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. Only the General Fund may report a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The County of Moore has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 17% of the General Fund's Total Annual Operating Expenditures of the County. Any portion of the General Fund balance in excess of 17% of the General Fund's Total Annual Operating Expenditures of the County may be appropriated to be transferred to a Capital Reserve Fund for future use except as provided for in the last adopted Resolution for Sandhills Community College.

R. Defined Benefit Pension Plans

The County participates in two cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS) and the Registers of Deeds' Supplemental Pension Fund (RODSPF) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments are reported at fair value.

S. Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund to the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds

The Capital Reserve Fund for Debt Service does not meet the legal requirements under North Carolina General Statutes 159-18; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the General Fund. Fund balance for the General Fund is reconciled as follows:

Fund balance, ending - General Fund	\$ 32,495,050
Capital Reserve Fund for Debt Service:	
Transfers in	2,000,000
Fund balance, beginning	-
Fund balance, ending	34,495,050
Total ending fund balance - General Fund	\$ 34,495,050

T. Reconciliation of Government-wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide

statements of net position. The net adjustment of (\$69,732,967) consists of several elements as follows:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$ 128,738,094
Less accumulated depreciation	<u>(60,581,442)</u>
Net capital assets	68,156,652
Net pension asset	118,527
Contributions and deferred outflows to the pension plan (LGERS, ROD) in the current fiscal year	1,912,922
Benefit payment and pension administration costs for LEOSSA	152,082
Contributions to OPEB plan in the current fiscal year	421,415
Accrued interest receivable less the amount claimed as unearned revenue in the government-wide statements as the funds are unavailable in the fund statements	109,991
Deferred charges in governmental activities is not reported in the funds	4,688,314
Pension related deferrals	2,821,665
OPEB related deferrals	(2,830,220)
Liabilities for deferred inflows of resources reported in the fund statements but not the government-wide	
Property taxes receivable and EMS receivable	860,817
Unearned bond premium reported as a liability in the government-wide statement and will be recognized as revenue in the fiscal year they are earned	
Unearned bond premium	(7,058,512)
Internal service funds are used by management to charge the costs of risk management costs to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	
Net position of the internal service funds	1,232,238
Accrued interest payable on long-term debt is not a current expenditure and therefore is not reflected in the funds	
Accrued interest payable	(592,329)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds

Bonds	\$ (43,350,000)
Limited obligation bonds	(17,080,000)
Notes payable	(31,000,000)
Capital lease payable	(205,261)
Compensated absences	(2,235,842)
Total OPEB liability	(32,078,925)
Accrued landfill closure and postclosure care costs	(4,703,008)
Net pension liability	(6,077,104)
LEO separation allowance	(2,996,389)
Total long-term liabilities	<u>(139,726,529)</u>
 Total adjustment	 <u>\$ (69,732,967)</u>

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$(29,578,326).

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expense exceeds depreciation expense

Capital outlay	\$ 2,558,808
Loss on disposal	(39,431)
Depreciation expense	<u>(5,099,547)</u>
Total	(2,580,170)

Donated capital assets are not reported as an increase in financial resources
In the fund statements 224,000

Expenses reported on fund statements that are capitalized on government-wide
Statements – refunding costs (403,803)

Contributions to the pension plan (LGERS, ROD) in the current fiscal year are
not included on the Statement of Activities 1,912,922

Benefit payments and administration costs for LEOSSA are deferred outflows of
resources on the Statement of Net Position 152,082

Contributions to the OPEB plan are deferred outflows of resources on the
Statement of Net Position 421,415

County's portion of collective OPEB expense (1,803,845)

County's portion of collective pension expense (2,100,817)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds

Accrued interest receivable	\$ 1,552
Deferred tax revenue	32,563
Total	34,115

Accrued interest payable on long-term debt is not a current expenditure and therefore is not reflected in the funds

Accrued interest	(387,043)
------------------	-----------

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items

Amortization of bond premium	673,091
Bonds principal payments	3,185,000
New debt issued	(31,000,000)
Capital lease payments	72,717
Limited obligation bond payments	2,294,000
Increase in closure and postclosure landfill payable	(168,508)
LEOSSA payments	(108,118)
Increase in compensated absences	(146,239)
Total	(25,198,057)

Internal service funds are used by management to charge the costs of self-insurance costs to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of Net Position

Change in net position for all internal service fund	<u>150,875</u>
Total adjustment	\$ <u>(29,578,326)</u>

Note 2.

Deposits and Investments

A. Deposits

All of the County's and its Component Units' deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's and its Component Units' agents in these Units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and its Component Units, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, its Component Units or with the Escrow Agent. Because of the inability to measure the exact amount of collateral pledged for the County or its Component Units under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash

flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and its Component Units rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County has no formal policy regarding custodial credit risk for deposits.

DEPOSITS
June 30, 2018

	Petty Cash	Carrying Amount Including Fiduciary Funds	Bank Balance	Bank Balance Covered By Federal Depository Insurance	Interest Bearing Deposits Covered By Collateral Held Under Pooling Method
County of Moore	\$ 3,225	\$ 64,755,598	\$ 63,964,139	\$ 250,000	\$ 63,714,139
CVB	200	551,683	551,683	-	551,683
Moore County ABC Board	2,255	2,714,564	2,596,644	250,000	2,346,644
Airport Authority	350	1,264,888	1,264,888	250,000	1,014,888
Total	\$ 6,030	\$ 69,286,733	\$ 68,377,354	\$ 750,000	\$ 67,627,354

B. Investments

As of June 30, 2018, the County had the following investments and maturities.

Investment Type	Valuation Measurement Method	Book Value at 06/30/2018	Less Than 6 Months	6-12 Months	1-2 Years	2-5 Years
NC Capital Management Trust-Government Portfolio	Amortized Cost	\$ 2,543,378	N/A	N/A	N/A	N/A
NC Capital Management Trust-Term Portfolio *	Fair Value Level 1	38,001,468	38,001,468	-	-	-
Total:		\$40,544,846	\$38,001,468	\$ -	\$ -	\$ -

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

* Because the NC Capital Management Trust Term Portfolio has a weighted average maturity of less than 90 days, it was presented as an investment with a maturity less than 6 months.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from interest rates, the County holds at least one hundred percent of the County's investment portfolio in maturities of less than 6

months. Also, the County's internal management policy requires purchases of securities to be laddered with staggered maturity dates and limits all securities to a final maturity of no more than three years. The County does have a formal investment policy regarding interest rate risk. The Funds will be invested with the chief objectives of safety of principal, liquidity, and yield, in that order.

Credit Risk. The County's investment policy limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities in the North Carolina Capital Management Trust, US Treasury Securities, US Agency Securities specifically authorized in GS-159 and rated no lower than "AAA", and Commercial Paper meeting the requirement of NCGS-159 plus having a national bond rating. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2018. The County's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that in the possession of an outside party. The County has a formal policy on custodial credit risk which states that all investments will be purchased "payment-verses-delivery" and if certificated will be held by the Finance Officer in the name of the County. All non-certificated investments will be held in book-entry form in the name of the County with the County's third party Custodian (Safekeeping Agent.)

At June 30, 2018, The Airport Authority had investments in the North Carolina Management Trust Government Portfolio of \$32,937, which carried a credit rating of AAAM by Standard and Poor's, and \$1,017,496 in the NC Capital Management Trust Term Portfolio which is unrated. The Airport Authority has no policy on credit risk.

Note 3.
Receivables

A. Allowance for Doubtful Accounts

For the County, the amounts shown for receivables in the Balance Sheet, are net of the following allowances for doubtful accounts:

<u>Funds</u>	<u>June 30, 2018</u>
General Fund, Property Taxes	\$ 152,000
General Fund, Landfill	72,830
Emergency Medical Service Fund, Property Taxes	8,700
Emergency Medical Services Fund, EMS fees	453,193
Water Pollution Control Plant Fund, User Fees	5,000
Public Utilities Fund, User Fees	235,481
East Moore Water District Fund, User Fees	538,460
Fire District Fund, Property Taxes	18,500
Agency Fund, Property Taxes	42,000
Total	<u>\$ 1,526,164</u>

B. Receivables Due from Other Governments and Agencies

Due from other governments that is owed to the County consists of the following:

	<u>June 30, 2018</u>
Local Option Sales Tax	\$ 4,688,679
Grants Federal/State	835,538
Lottery – School Funds	276,585
Scrap Tires & White Goods	52,161
Other	1,778,636
Total	<u>\$ 7,631,599</u>

C. Use-Value Assessment on Certain Lands

In accordance with the General Statutes, agriculture, horticulture, and forest land may be taxed by the County at present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Use-Value Assessment on Certain Lands:

Year Levied	Tax	Interest	Total
2015	\$ 3,613,975	\$ 912,529	\$ 4,526,504
2016	3,557,361	578,071	4,135,432
2017	3,683,005	267,018	3,950,023
2018	3,924,729	-	3,924,729
Total	<u>\$14,779,070</u>	<u>\$ 1,757,618</u>	<u>\$16,536,688</u>

Note 4.

Capital Assets

A. Changes in Governmental Capital Assets

Capital asset activity for the year ended June 30, 2018, was as follows:

	Balance June 30, 2017	Increases	Decreases	Transfers	Balance June 30, 2018
Governmental activities:					
Capital assets not being depreciated:					
Land	\$ 37,638,817	\$ 37,500	\$ -	\$ -	\$ 37,676,317
Construction in progress	279,910	84,438	-	(279,910)	84,438
Total capital assets not being depreciated	<u>37,918,727</u>	<u>121,938</u>	<u>-</u>	<u>(279,910)</u>	<u>37,760,755</u>
Capital assets being depreciated:					
Buildings	64,215,759	630,565	(6,750)	7,850	64,847,424
Equipment	17,708,378	1,423,085	(2,219,050)	272,060	17,184,473
Vehicles	8,771,410	607,220	(433,188)	-	8,945,442
Total capital assets being depreciated	<u>90,695,547</u>	<u>2,660,870</u>	<u>(2,658,988)</u>	<u>279,910</u>	<u>90,977,339</u>
Less accumulated depreciation for:					
Buildings	(36,548,297)	(2,426,218)	3,544	7,850	(38,963,121)
Equipment	(15,081,824)	(1,820,649)	2,214,964	(7,850)	(14,695,359)

Note 5.

Pension Plan and Other Postemployment Obligations

A. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2018, was 8.25% of compensation for law enforcement officers and 7.50% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$2,089,910 for the year ended June 30, 2018.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the County reported a liability of \$6,678,136 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016. The total pension liability was then rolled forward to the measurement date of June 30, 2017 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2017, the County's proportion was .437%, which was a decrease of .001% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the County recognized pension expense of \$2,231,100. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 384,722	\$ 189,037
Changes of assumptions	953,730	-
Net difference between projected and actual earnings on pension plan investments	1,621,460	-
Changes in proportion and differences between County contributions and proportionate share of contributions	60,786	160,488
County contributions subsequent to the measurement date	2,089,910	-
Total	\$ 5,110,608	\$ 349,525

\$2,089,910 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2019	\$ 327,670
2020	1,920,328
2021	935,756
2022	(512,581)
2023	-
Thereafter	-
	\$ 2,671,173

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	7.20 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2017 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.20%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.20 percent, as well as what the County's proportionate share of the net pension asset or

net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

	<u>1% Decrease (6.20%)</u>	<u>Discount Rate (7.20%)</u>	<u>1% Increase (8.20%)</u>
County's proportionate share of the net pension liability (asset)	\$ 20,047,914	\$ 6,678,136	\$ (4,481,409)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

B. Law Enforcement Officers' Special Separation Allowance

1. Plan Description

The County and the ABC Board administer a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's and the ABC Board's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report was not issued for the plan.

All full-time law enforcement officers are covered by the Separation Allowance. At December 31, 2016, the Separation Allowance's membership consisted of:

	<u>Moore County</u>	<u>ABC Board</u>
Retirees receiving benefits	20	0
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	<u>75</u>	-
Total	95	0

2. Summary of Significant Accounting Policies:

Basis of Accounting. The County of Moore and the ABC Board have chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

3. Actuarial Assumptions for the County of Moore

The entry age actuarial cost method was used in the December 31, 2016 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.16 percent

The discount rate used to measure the TPL is the S&P Municipal Bond 20 Year High Grade Rate Index.

DEATHS AFTER RETIREMENT (HEALTHY): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 104% for males and 100% for females.

DEATHS BEFORE RETIREMENT: RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.

DEATHS AFTER RETIREMENT (BENEFICIARY): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.

DEATHS AFTER RETIREMENT (DISABLED): RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

4. Contributions.

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$282,256 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the County reported a total pension liability of \$2,996,389. The total pension liability was measured as of December 31, 2017 based on a December 31, 2016 actuarial valuation. The total pension liability was rolled forward to December 31, 2017 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2018, the County recognized pension expense of \$247,791.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 114,843	\$ -
Changes of assumptions	126,650	35,233
County benefit payments and admin expenditures paid subsequent to the measurement date	<u>152,082</u>	-
Total	\$ 393,575	\$ 35,233

The County paid \$151,666 in benefit payments and \$416 in admin expenditures subsequent to the measurement date that are reported as deferred outflows of resources related to pensions which will be recognized as a decrease of the total pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2019	\$ 47,687
2020	47,687
2021	47,687
2022	55,034
2023	8,165
Thereafter	-
	<u>\$ 206,260</u>

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.16 percent, as well as what the

County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.16 percent) or 1-percentage-point higher (4.16 percent) than the current rate:

	1% Decrease (2.16%)	Discount Rate (3.16%)	1% Increase (4.16%)
Total pension liability	\$ 3,222,817	\$ 2,996,389	\$ 2,789,895

**Schedule of Changes in Total Pension Liability
Law Enforcement Officers' Special Separation Allowance**

	2018
Beginning balance	\$ 2,779,545
Service Cost	97,432
Interest on the total pension liability	101,843
Difference between expected and actual experience	
In the measurement of the total pension liability	142,583
Changes of assumptions or other inputs	157,242
Benefit payments	(282,256)
Ending balance of the total pension liability	<u>\$ 2,996,389</u>

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.86 percent at June 30, 2016 to 3.16 percent at June 30, 2017.

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

C. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The County and the ABC Board contribute to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County and the ABC Board. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the County and the ABC Board to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. The County's contributions for the year ending June 30, 2018 were \$316,664, which consisted of \$210,200 from the County and \$106,464 from the law enforcement officers. No amounts were forfeited. The ABC Board's contributions for the year ended June 30, 2018 were \$0.

D. Registers of Deeds' Supplemental Pension Fund

Plan Description. The County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the

North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$11,104 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the County reported an asset of \$118,527 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2017. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2016. The total pension liability was then rolled forward to the measurement date of June 30, 2017 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2017, the County's proportion was .694%, which was a decrease of 1.603% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the County recognized pension expense of \$70,516. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,035	\$ 382
Changes of assumptions	19,999	-
Net difference between projected and actual earnings on pension plan investments	10,076	-
Changes in proportion and differences between County contributions and proportionate share of contributions	251,013	98,102
County contributions subsequent to the measurement date	11,104	-
Total	\$ 294,227	\$ 98,484

\$11,104 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2019	\$ 72,129
2020	108,787
2021	1,153
2022	2,570
2023	-
Thereafter	-
	<hr/>
	\$ 184,639

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	3.75 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2017 is 1.4%:

The information above is based on 30 year expectations developed with the consulting actuary for the 2017 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1% Decrease (2.75%)	Discount Rate (3.75%)	1% Increase (4.75%)
County's proportionate share of the net pension liability (asset)	\$ (93,161)	\$ (118,527)	\$ (139,859)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

E. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of December 31, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of December 31, 2017, with an actuarial valuation date of December 31, 2016. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	LEOSSA	Total
Proportionate share of the net pension liability (asset)	\$ 6,678,136	\$ (118,527)	\$ -	\$ 6,559,609
Proportion of the net pension liability (asset)	0.437%	0.694%	n/a	-
Total pension liability	\$ -	\$ -	\$ 2,996,389	\$ 2,996,389
Pension expense	\$ 2,231,100	\$ 70,516	\$ 247,791	\$ 2,549,407

(Remainder of page left blank intentionally.)

At June 30, 2018 the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>LGERS</u>	<u>ROD</u>	<u>LEOSSA</u>	<u>Total</u>
<u>Deferred Outflows of Resources</u>				
Differences between expected and actual experience	\$ 384,722	\$ 2,035	\$ 114,843	\$ 501,600
Changes of assumptions	953,730	19,999	126,650	1,100,379
Net difference between projected and actual earning on pension plan investments	1,621,460	10,076	-	1,631,536
Changes in proportion and differences between County contributions and proportionate share of contributions	60,786	251,013	-	311,799

F. Supplemental Retirement Income Plan

The County administers a supplemental retirement benefit plan for all of its full-time employees that are not involved in law enforcement, through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Effective January 1, 1991, the County began contributing to the plan an amount equal to 2.6 percent of each permanent full-time employee's salary each month. All contributed amounts plus investment earnings allocated to the employee's accounts are fully vested immediately. The County established the plan and may amend it at its discretion. However, effective July 1, 2008, the rate was increased to 3 percent. The County contributions for the year ended June 30, 2018, for all permanent full-time employees, not involved in law enforcement, were \$601,625. Total voluntary contributions by covered employees were \$523,954. The County's contribution represented 3 percent for employees hired prior to June 30, 2013 and 1.5% for employees hired after June 30, 2013 for an introductory period of 3 years. After the 3 years period, the County's contribution will go up to 3 percent.

G. Other Post-employment Benefits

Other Postemployment Benefits (OPEB)

Plan Description. Under the terms of a County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. This plan provides postemployment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least 15 years of creditable service with the County. Members that retire with at least 15 years of service up to 20 years, the retired member can participate in the County's group health

insurance plan at the group rates. Members that retire with at least 20 years of service up to 30 years, the County will contribute 50% of the group rate on behalf of the retiree. Members that retire with 30 or more years of service, the County will contribute 75% of the group rate on behalf of the retiree. Health care, prescription drugs and dental benefits are provided by the County. The Board of Commissioners manages the plan and may amend the benefit provisions. A separate report was not issued for the plan.

According to a County resolution, the County provides health care benefits to retirees of the County who participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least fifteen years of continuous service with the County. Under minimum qualifications, the retiree pays 100% of the premium, currently \$700 per month. If the employee has 20 years of service with State retirement plan and the last 15 years are with the County of Moore, the retiree pays 50% of the premium. With 30 years of State retirement plan service, and the last 15 years with the County, the retiree pays 25% of the premium. The County's retirees cannot purchase spouse or dependent coverage. The County has chosen to fund healthcare benefits on a pay as you go basis.

The Retiree Health Plan will become secondary coverage when a retiree has become eligible for Medicare or another employer-sponsored plan. For retirees whose hire date is on or after January 1, 2010, health coverage will end when retiree becomes eligible for Medicare at age 65.

Members of the HCB Plan consisted of the following at June 30, 2017, the date of the latest actuarial valuation for the County of Moore

	<u>Moore County</u>	
	Non Law	Law
Retirees and dependents receiving benefits	43	14
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	517	80
Total	<u>560</u>	<u>94</u>

Total OPEB Liability

The County's total OPEB liability of \$35,474,888 was measured as of June 30, 2017 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50 percent
Real wage growth	1.00 percent
Wage inflation	3.50 percent
Salary increases	
General/Firefighter	3.50 – 7.75 percent
Law Enforcement Officers	3.50 – 7.35 percent
Discount rate	3.56 percent
Healthcare cost trend rates	Pre-Medicare–7.50 percent for 2017 decreasing to an ultimate rate of 5.00 percent by 2023 Medicare–5.50 percent for 2017 decreasing to an ultimate rate of 5.00% by 2020

The discount rate used to measure the TOL was based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2017	\$ 38,054,499
Changes for the year	
Service cost	1,283,236
Interest	1,123,861
Changes of benefit terms	-
Differences between expected and actual experience	1,089,721
Changes in assumptions or other inputs	(4,631,847)
Benefit payments	(1,444,582)
Net changes	(2,579,611)
Balance at June 30, 2018	\$ 35,474,888

Changes in assumptions and other inputs reflect a change in the discount rate from 3.01% to 3.56%.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal and salary increases used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010-December 31, 2014, adopted by the LGERS.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2017 valuation were based on a review of recent plan experience done concurrently with the June 30, 2017 valuation.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.56 percent) or 1-percentage-point higher (4.56 percent) than the current discount rate:

	1% Decrease	Discount Rate (3.56%)	1% Increase
Total OPEB liability	\$ 44,497,323	\$ 35,474,888	\$ 28,712,945

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current	1% Increase
Total OPEB liability	\$ 28,232,469	\$ 35,474,888	\$ 45,277,519

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the County recognized OPEB expense of \$1,994,742. At June 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 962,862	\$ -
Changes of assumptions	- -	4,092,634
Benefit payments and administrative costs made subsequent to the measurement date	465,964	-
Total	\$ 1,428,826	\$ 4,092,634

\$465,962 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred inflows and outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measurement Period Ended June 30

2019	\$ (412,355)
2020	(412,355)
2021	(412,355)
2022	(412,355)
2023	(412,355)
Thereafter	<u>\$ (1,067,997)</u>
	<u>\$ (3,129,772)</u>

H. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the system, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the system at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 with a minimum of \$25,000. All death benefit payments are made from the Death Benefit Plan. The County has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. For the fiscal year ended June 30, 2018, the County made \$22,179 contributions to the State for death benefits. The County's required contributions for employees not engaged in law enforcement and for law enforcement officers represented 0.07% and .14% of covered payroll, respectively. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount.

Note 6.**Summary Disclosure of Significant Contingencies and Commitments****A. Litigation**

The County is a defendant in various lawsuits, arising in the ordinary course of operations. Although the outcome of the various lawsuits is not presently determinable, it is the County's opinion, after discussion with legal counsel, that potential claims against the County, in excess of professional liability insurance coverage, resulting from such litigation will not materially affect the financial condition of the County. Accordingly, no provision has been made in the financial statements for such matters.

B. Construction

The County has active construction projects as of June 30, 2018. At June 30, 2018, the County's commitments with contractors are as follows:

<u>Project</u>	<u>Remaining Commitment</u>
Landfill Projects	\$ 242,784
Parks & Recreation Projects	\$ 266,909
WPCP Bar Rake #2	\$ 104,930
Painting Project	\$ 10,346
Stairway for Rick Rhyne Building	\$ 50,000
Pinehurst Lake Sanitary Sewer Rehab	\$ 75,598
Seaboard St. Water Main Replacement	\$ 227,570
Projector System	\$ 20,120
Pinecrest High School Roof	\$ 387,759
Area I Elementary School	\$ 20,981,111
2013 Water Source Project	\$ 3,120,000
Planning Projects	\$ 12,750

C. Other

The County has received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grants. County management believes such disallowances, if any, would not be significant to the financial position or operations of the County. No provision has been made in the accompanying financial statements for the refund of grant monies.

Note 7.**Risk Management**

The Self Insurance Fund, an Internal Service Fund, is a limited risk management program for employees' health insurance, life insurance, workers compensation and professional liability. Premiums are paid into the fund by all other funds and are available to pay claims and administrative costs of the program. During fiscal year 2018, a total of \$8,202,349 was incurred for hospitalization benefits, insurance premiums, administrative costs, and the wellness clinic costs. An excess coverage insurance policy covers annual health benefits in excess of \$80,000 per employee and aggregate annual health claims in excess of approximately \$5,352,262. The excess coverage policy is unlimited in individual contract period benefits and in individual lifetime benefits. Incurred but not reported health claims of \$456,895 have been accrued as a liability based upon an actuarial estimate. The estimate does not include non-incremental claims adjustment expenses. Interfund premiums are based primarily upon the insured funds' claims experience and are reported as interfund service transactions.

Since March 2005, the County operates a Wellness Works. Its purpose is to slow down the rate of increase in health insurance costs, offset costs in workers compensation, provide pre-employment screenings, pharmacy savings, reduce costs of drug testing and encourage and provide assistance with wellness and preventive healthcare program.

The following is a schedule of changes in the funds liabilities for fiscal years 2009 through 2018:

	Beginning Liability	Claims and Changes Estimates	Claims Payments	Ending Liability
2008-2009	\$399,422	\$4,676,859	(\$4,535,146)	\$541,135
2009-2010	541,135	3,704,538	(4,135,956)	109,717
2010-2011	109,717	4,461,760	(4,351,819)	219,658
2011-2012	219,658	5,208,300	(5,279,389)	148,569
2012-2013	148,569	5,735,966	(5,628,592)	255,943
2013-2014	255,943	5,666,468	(5,610,944)	311,467
2014-2015	311,467	4,554,098	(4,457,517)	408,048
2015-2016	408,048	5,402,959	(5,335,388)	475,619
2016-2017	475,619	5,719,265	(5,722,943)	471,941
2017-2018	471,941	6,020,199	(6,035,245)	456,895

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk financing pools administered by the North Carolina Association of County Commissioners Joint Risk Management Agency.

Through these pools, the County obtains property coverage equal to the replacement cost of owned property subject to total insured values, with sub-limits on coverage for specified perils: general, auto, professional, employment practices, and law enforcement liability coverage of \$2 million per occurrence; auto physical damage for owned autos at actual cash value; crime coverage of \$250,000 per occurrence; and workers' compensation coverage up to the statutory limits.

All property coverage and some liability coverage are subject to per occurrence deductibles, as selected by the County. The pools are audited annually by certified public accountants, and audited financial statements are available to the County upon request.

Both of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000, up to a \$2 million limit for liability coverage, and single occurrence losses in excess of \$750,000 for workers' compensation.

Through the captive, the Liability and Property Pool is reinsured for \$2,000,000 of annual aggregate losses in excess of \$250,000 per occurrence for property, auto physical damage and crime coverage, with additional limits of \$498 million purchased through a group of commercial carriers through the multi-state public entity captive.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Chief Finance Officer, the Tax Administrator, and Deputy Tax Administrator are each individually bonded for \$250,000 each. The Sheriff and the Register of Deeds are individually bonded for \$25,000 and \$50,000, respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

Note 8.
Accounts Payable

Accounts payable at the government-wide level at June 30, 2018, were as follows:

	Salaries and				Total
	Vendors	Benefits	Other		
Governmental Activities:					
General	\$ 1,180,776	\$ 584,724	\$ -	\$ 1,765,500

Total - business-type activities	\$ 664,789	\$ 61,153	\$ -	\$ 725,942	

Note 9.
Long-term Liabilities

County of Moore

A. Capital Leases

The County has entered into an agreement to lease certain equipment. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at present value of the future minimum lease payments as of the date of its respective inception.

On January 14, 2016, the County entered into a lease agreement for several defibrillators for the Emergency Medical Services Department which requires five annual payments of \$71,008.77.

At June 30, 2018, the County leased equipment valued at:

<u>Classes of Property</u>	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Defibrillators	\$369,785	\$197,219	\$172,566

For the County, the future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2018 were as follows:

<u>Year Ending June 30</u>	
2019	\$ 71,009
2020	71,009
2021	71,009
Total minimum lease payments	213,027
Less: amount representing interest	7,766
Present value of the minimum lease payments	\$ 205,261

B. General Obligation Bonds

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit, and taxing power of the County. In November 2007, the citizens of the County of Moore approved by referendum the issuance of general obligation bonds in the amount of \$69.5 million for Moore County Schools and Sandhills Community College's facility expansion, renovation and other capital improvements. In spring 2008, \$40 million of these bonds was issued and the remaining \$29.5 million was issued in spring

2009. The East Moore Water District has issued general obligation bonds of \$13,218,000 in the course of three phases and the North West Moore Water District have authorized but unissued general obligation bonds of \$16,000,000 to provide funds for the acquisition and construction of major water system capital improvements. These bonds, will be recorded in the East Moore Water District Fund and North West Moore Water District Fund, respectively, and collateralized by the full faith, credit, and taxing power of the Districts. Principal and interest payments are appropriated when due.

The County issued \$14,050,000 of general obligation bonds for a current refunding of \$14,000,000 of general obligation bonds of the Public Improvement, Series 1998. The refunding was undertaken to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$50,000. This amount is being netted against the new debt and amortized over the new debt's life, which is the same as the refunded debt. The transaction also resulted in an economic gain of \$1,221.34 and a reduction of \$1,549,435.28 in future debt service payments.

On June 21, 2016, the County did an advanced refunding and defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. This was a partial advance refunding, \$27,460,000 of the County's 2008 Public Improvement Bonds maturing June 1, 2019 through 2028 and \$19,365,000 Series 2009A Public Improvement Bonds maturing June 1, 2020 through 2029. The amount of the premium was \$8,357,700 with a total savings of \$5,558,449 on debt service payments and resulted in an economic gain of \$4,903,285. The reacquisition price exceeded the net carrying amount of the old debt by \$3,647,350. This amount is being amortized over the life of the new debt issue which is one year longer than the life of the refunded debt. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. On June 30, 2016, \$46,825,000 of bonds outstanding is considered defeased.

Bonds payable at June 30, 2018, are comprised of the following individual issues:

General Obligation Bonds

Serviced by the General Fund:

\$29,500,000 – Series 2009A Public Improvement bonds due in annual principal installments of \$635,000 to \$1,135,000 through June 1, 2019, plus interest at 2.5% to 4.0%	\$ 970,000
--	------------

\$42,380,000 – Series 2016 Refunding Public Improvement bonds due in annual principal installments of \$2,180,000 to \$4,640,000 through June 1, 2029, plus interest at 2.0% to 5.0%	<u>42,380,000</u>
---	-------------------

Total General Obligation Bonds serviced by the General Fund	\$ <u>43,350,000</u>
---	----------------------

Serviced by the East Moore Water District Enterprise Fund:

\$3,760,000 – 2011 USDA Bonds due in annual principal installments of \$52,000 to \$153,000 through June 1, 2049, plus interest at 3.25%	\$ 3,133,378
--	--------------

\$8,750,000 – Series 2016 G.O. Refunding Bonds due in annual principal installments of \$165,000 to \$420,000 through June 1, 2046, plus interest at 2.0% to 5.0%	<u>8,235,000</u>
---	------------------

Total General Obligation Bonds serviced by the EMWD Enterprise Fund	\$ <u>11,368,378</u>
---	----------------------

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30	Governmental Activities		Business-Type Activities		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2019	\$ 3,150,000	\$ 1,883,000	\$ 225,000	\$ 440,935	\$ 3,375,000	\$ 2,323,935

2049-2053	-	-	136,378	4,432	136,378	4,432
Total	\$ 43,350,000	\$ 11,653,950	\$ 11,368,378	\$ 7,375,039	\$ 54,718,378	\$ 19,028,989

C. Limited Obligation Bonds

On October 7, 2010, Moore County issued \$38,420,000 Limited Obligation Bonds, Series 2010. \$29,830,000 of the proceeds will be used to acquire, construct and equip a new County Public Safety Complex and Detention Center and \$8,590,000 will help finance certain utility improvements for the County.

On November 17, 2016, the County did an advance refunding and partially defeased certain limited obligation bonds, Limited Obligation Bonds, Series 2010, by placing the proceeds of the new bond, Limited Obligation Refunding Bond, Series 2016, in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. On November 17, 2016, \$18,130,000 of bonds outstanding is considered defeased. The County benefited a total savings of \$1,511,805 on debt service payments.

On December 15th, 2016, the East Moore Water District (EMWD) issued refunding bonds in the amount of \$8,750,000 for the USDA Bonds being refinanced. The County then issued Limited Obligation Bonds, Series 2016 to purchase these bonds. When debt service is due, EMWD will remit the debt service payments to the County, who will then remit it to the bondholders. On December 15th, 2016, the County paid off the USDA G.O. Water Bonds, Series 2003, USDA G.O. Water Bonds, Series 2008A and USDA G.O. Water Bonds, Series 2008B in the amount of \$8,595,500. The County benefited a total savings of \$373,798 on debt service payments.

The EMWD is a blended component unit of the County. On the fund statements, the amounts owed to the County to make the payments for the LOBs are classified as "Due to Public Utilities (County)" in the EMWD Fund, and as "Due from EMWD" in the Public Utilities Fund. On the government-wide statements, these amounts are eliminated. Therefore when government-wide statements' debt totals are compared to the total debt in the notes, the amount will differ by the amount eliminated for this LOB debt. \$8,235,000 is recorded as Due from EMWD Fund and is eliminated in government-wide statements.

Serviced by the General Fund:

\$29,830,000 – 2010 Limited Obligation Bonds due in annual principal installments of \$640,000 to \$2,130,000 through June 1, 2020, plus interest at 2.5% to 5.0%.	\$ 3,200,000

D. State Revolving Loans

The County was approved for American Recovery and Reinvestment Act of 2009 loan assistance from the Clean Water State Revolving Fund in the amount of \$3,000,000. The funds will assist in the Replacement of Pinehurst Lake Lift Station Project. As part of the American Recovery and Investment Act of 2009 (ARRA), the unpaid principal sum is immediately reduced by one half of the loan amount as "Principal Forgiveness". The loan is payable to the State of North Carolina, due in annual installments of \$72,913, repaid in not more than 20 annual installments. Interest will accrue at the rate of 0 percent per annum on the unpaid principal sum from the Water Pollution Control Revolving Fund.

To assist in the reconciliation of the Total Government-wide debt to the above note, we offer the following reconciliation:

	Governmental	Business-Type
Debt per Government-wide Statements	\$ 146,849,429	\$ 40,719,556
Reconciling Item:		
2016 LOBs (Intergovernmental Receivable)	<u>-</u>	<u>8,235,000</u>
Reconciled Balance	\$ 146,849,429	\$ 48,954,556

Governmental accrued vacation benefits, OPEB and the net pension liability and total pension liability typically have been liquidated in the General Fund.

At June 30, 2018, the County had a legal debt margin of \$785,179,721.

CVB

CVB had long-term debt as of June 30, 2018 of \$532,676, which included \$24,400 for accrued vacation benefits, \$438,765 for other postemployment benefits and \$69,511 for net pension liability .

ABC Board

The ABC Board had long-term debt as of June 30, 2018 of \$601,995, which included \$532,484 of other postemployment benefits and net pension liability of \$69,511.

Airport Authority

The Airport Authority had long-term debt as of June 30, 2018 of \$233,715, which included \$22,055 of accrued vacation benefits, \$118,316 of other postemployment benefits and \$93,344 of net pension liability.

The total interest expenditure/expense including some other debt service charges for the County and all its Component Units during the year ended June 30, 2018 totaled \$6,925,034.

G. Net Investment in Capital Assets

Net investment in capital assets at June 30, 2018, are computed as follows:

	Government Activities	Business-type Activities	Total
Capital assets, net of accumulated depreciation	\$ 68,156,652	\$ 67,321,233	\$ 135,477,885
Less: capital debt			
Gross debt	98,693,773	44,823,607	143,517,380
Less:			
School debt related to assets to which the County does not hold title	(81,408,512)	-	(81,408,512)
Unamortized bond refunding charges	(1,602,094)	(728,195)	(2,330,289)
Net capital debt	<u>15,683,167</u>	<u>44,095,412</u>	<u>59,778,579</u>
Net investment in capital assets	<u>\$ 52,473,485</u>	<u>\$ 23,225,821</u>	<u>\$ 75,699,306</u>

The unamortized bond refund charges that are not related to the capital assets, are not included in the calculation for the net investment in capital assets as of June 30th, 2018.

H. Closure and Postclosure Care Costs- Moore County Landfill Facility

The County currently owns and operates the Moore County Landfill, located off Highway 5 in the southwestern part of the County between the towns of Pinehurst and Aberdeen, North Carolina. The facility began accepting solid waste in 1968. The County stopped disposing of Municipal Solid Waste (MSW) at the facility in 1993, and a transfer station was constructed at the site for MSW disposal. The County now manages Construction and Demolition debris (C&D) and yard waste streams generated within the County at the Landfill.

State and federal laws and regulations require the County to place a final cover on its Moore County Landfill Facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$4,703,008 reported as landfill closure and postclosure care liability at June 30, 2018 represents a cumulative amount reported to-date based on the use of 100 percent and 83.20% percent of the total estimated capacity of the MSW landfill and C&D landfill, respectively. The County will recognize the remaining estimated cost of closure and postclosure care of \$915,193 as the

remaining estimated capacity is filled for the C&D landfill. These amounts are based on what it would cost to perform all closure and postclosure care. The C&D landfill, a proposed 17 acre facility, is being constructed in phases. Phase I, consisting of first two cells, and Phase II, consisting of disposal in most cells 3 and 4, have been completed. The County is currently operating Phase III which completes construction of Cell 4 and adds fill above the existing wastes in Phases I and II. The remaining 4.5 acre Cell 5 began receiving waste in November 2012. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has met the requirements of a local government financial test that is one option under State and federal laws and regulations that help determine if a unit is financially able to meet closure and postclosure care requirements.

Note 10.
InterFund Balances and Activity

The composition of interfund balances and Activities as of June 30, 2018 is as follows:

a. Due to/from other Funds:

Receivable Fund	Payable	Reason	Amount
Public Utilities	EMWD	County issued the Limited Obligation Bonds to purchase the refunding bonds from EMWD to pay off the USDA Bonds. EMWD will remit the debt service payments to the County, who will then remit it to the bondholders.	\$ 8,235,000.00

b. Transfers between funds as of June 30, 2018 is as follows:

Transfers In	Transfers Out					Total	
	Major General Fund	Major					
		Major School/College Bond Fund	Capital Reserve for Governmental Projects	Nonmajor Governmental Fund			
Major General Fund	\$ 2,000,000	\$ 140,110	\$ 146,300	\$ 982,025	\$ 3,268,435		
Major School/College Bond Project Fund	146,300	-	2,803,000	-	2,949,300		
Nonmajor Governmental Funds	1,675,663	-	2,700,000	450,000	4,825,663		
	<u>\$ 3,821,963</u>	<u>\$ 140,110</u>	<u>\$ 5,649,300</u>	<u>\$ 1,432,025</u>	<u>\$ 11,043,398</u>		

Transfers out from General Fund to the Capital Reserve for Debt Service partially fund future debt service payments for future capital improvement projects, and future capital assets acquisition. Transfers out from General Fund to several capital project funds: New Courthouse Building Project, Cell 6 Landfill Expansion Project, Elections Building Project (nonmajor governmental funds) and School/College Project (major governmental fund) will fund the architect, design and construction of these future projects. Transfers out from the School/College Fund (major governmental fund) to the General Fund were interests earned from bond proceeds to partially pay the school debt payments. Transfers out from the Capital Reserve for Capital Projects for SCC (nonmajor governmental fund) to the General Fund were for current needs and ongoing deferred maintenance projects for SCC. Transfers out from the Capital Reserve for Debt Service

for SCC (nonmajor governmental fund) to the General Fund were for the SCC loan payment. Transfers out from the General Fund were to match the local fund of a grant in the Grants Fund (nonmajor governmental fund). Transfers out from the General Fund to the Capital Reserve for Capital Project for SCC (nonmajor governmental fund) were for future capital needs. Transfers out from the General Fund to the Capital Reserve for Debt Service for SCC (nonmajor governmental fund) were for future debt payments. Transfers out from the Grants Fund (nonmajor governmental fund) to the General Fund were to reimburse the General Fund for grant administration costs. Transfers out from the Capital Reserve for Governmental Projects Fund to the General Fund were to fund the capital needs for Moore County Schools. Transfers out from the Capital Reserve for Governmental Projects Fund to several capital project funds: Parks & Recreation Project Fund (nonmajor governmental fund) and School/College Project (major governmental fund) were to fund the architect, design and construction of these future projects. Transfers from the Emergency Medical Services Fund (nonmajor governmental fund) to the Moore Fire District Fund (nonmajor governmental fund) were to fund the fire/rescue squad payments. Transfers out of Airport Project (nonmajor governmental fund) to the General Fund were to return remaining local grant matches per the Interlocal Agreement between Moore County, Moore County Airport Authority and Convention and Visitors Bureau (CVB).

Note 11.
Fund Balance

The County does not have a formal revenue spending policy that provides policy for programs with multiple revenue sources. However, the Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance-General Fund	\$34,495,050
Less:	
Inventories	94,394
Stabilization by State Statute	7,581,778
Environmental Protection	532,450
Register of Deeds	222,865
Human Services	353,833
Tax Revaluation	207,999
Debt services	2,000,000
Working Capital/ Fund Balance Policy	<u>18,231,652</u>
Remaining Fund Balance	\$ 5,270,079

The County has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 17% of the General Fund's Total Annual Operating Expenditures of the County. Any portion of the General Fund balance in excess of 17% of the General Fund's Total Annual Operating Expenditures of the County may be appropriated to be transferred to a Capital Reserve Fund for future use except as provided for in the last adopted Resolution for Sandhills Community College.

The County Board may, from time-to-time, utilize fund balances that will reduce available fund balances below the 17.0% policy for the purposes of a declared fiscal emergency or other such global purpose as to protect the long-term fiscal security of the County. In such circumstances, after available fund balances have been calculated as part of closing-out a fiscal year, the Board will adopt a plan as part of the following year's budget process to restore the available fund balances to the policy level within 36 months from the date of the budget adoption. If restoration cannot be accomplished within such time period without severe hardship to the County, then the Board will establish a different but appropriate time period.

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end.

Encumbrances	General Fund	Major Funds	Non-Major Funds
	\$244,153	\$0	\$540,353

Note 12.

Deferred Outflows and Inflows of Resources

The County has several deferred outflows of resources. Deferred outflows of resources is comprised of the following:

Source	Amount
Contributions to pension plan in current fiscal year	\$ 2,101,014
Pension, OPEB related deferrals	4,508,176
Benefit payments for the OPEB plan paid subsequent to measurement date	465,964
Benefit payments/administration costs paid subsequent to the measurement date (LEOSSA)	152,082
Charge on refunding	5,416,509
Total	\$ 12,643,745

Deferred inflows of resources at year-end is comprised of the following:

Prepaid taxes (General Fund)	\$ 23,721
Prepaid taxes (Special Revenue)	1,804
Taxes Receivable, less penalties (General Fund)	736,317
EMS Receivable	43,073
Taxes Receivable, less penalties (Special Revenue)	81,427
Pension deferrals	483,242
OPEB deferrals	4,092,634
Total	\$ 5,462,218

Note 13.
Joint Ventures

The County, in conjunction with the State of North Carolina, the Moore County Board of Education, and Hoke County provides financial assistance for the operation of Sandhills Community College. The County of Moore, the State of North Carolina and the Moore County Board of Education each appoint four members and Hoke County appoints one member to the thirteen members Board of Trustees of the Community College. The Community College is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the Community College and also provides some financial support for the Community College's operations. In addition to providing annual appropriations for facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. Of the general obligation bonds issued for this purpose, \$9,673,193 in debt is still outstanding. The County has an ongoing financial responsibility for the Community College because of the statutory responsibility to provide funding for the Community College's facilities. The County contributed \$4,620,890 to the Community College for operating purposes, during the fiscal year ended June 30, 2018. In addition, the County made debt service payments of \$1,150,939 during the fiscal year on general obligation bonds issued for Community College capital facilities. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2018. Complete financial statements may be obtained from the Community College's Administrative Offices at 3395 Airport Road, Pinehurst, NC 28374.

The County entered into two agreements with the Moore County Airport Authority (also a component unit) during the fiscal year. The first is a Management Agreement that defines the relationship between the County as the owner of the property and the Authority as manager of the fixed-based operations and the airport itself. The agreement also detailed the financial arrangement between the two entities and responsibilities for incurring debt. The County and the Airport Authority have a financial relationship in that there is an agreement for the County to provide financial services (accounts payable, purchase orders, payroll, etc.) on behalf of the Airport Authority. The Airport Authority pays the County \$21,215 annually for this service.

The County, along with seven municipalities (Aberdeen, Carthage, Pinebluff, Pinehurst, Robbins, Southern Pines and Whispering Pines), Moore County Schools and 2 non-incorporated communities adopted a Cooperative Purchasing Agreement to consolidate purchases resulting in lower costs of goods. A shared services website was also created and hosted by the Village of Pinehurst as a means of communications between the jurisdictions to share best practices and to coordinate purchasing efforts.

Note 14.
Jointly Governed Organization

The County participates in the operations of the Sandhills Regional Library System (Library) with four other local governments. The Library is governed by a fifteen-member Board of Trustees. Each participating government appoints three Board members to the Board of Trustees. None of the participating governments have an equity interest in the Library, so no equity interest has been reflected in the financial statements at June 30, 2018. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$11,800 to the Library to supplement its activities. Complete financial statements for the Library may be obtained from the Sandhills Regional Library System's offices at 412 East Franklin Street, Rockingham, NC 28379.

The County also participates in the Sandhills Center (Center) with eight other local governments. The Center is governed by a twenty-one member Area Board. A County Commissioner from each participating government sits on the Board. The remaining members are allocated based on a pro rata share agreed upon by joint resolution of all nine counties. The County Commissioners in each county then appoint these remaining members that are allotted to their county. None of the participating governments have an equity interest in the Center, so no equity interest has been reflected in the financial statements of June 30, 2018. The County appropriated \$303,546 to the Center to supplement its activities. Complete financial statements for the center may be obtained from the Center's offices at 1120 Seven Lakes Drive, PO Box 9, West End, NC 27376.

Note 15.
Change in Accounting Principles/Restatement

The County implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, in the fiscal year ending June 30, 2018. The implementation of the statement required the County to record beginning total OPEB liability and the effects on net position of benefit payments and administrative expenses paid by the County related to OPEB during the measurement period (fiscal year ending June 30, 2017). Beginning deferred outflows and inflows of resources associated with the implementation were excluded from the restatement. As a result, net position for the governmental activities decreased \$17,192,328 and \$1,786,847 for the business-type activities.

Note 16.
Prior Period Adjustment

During the fiscal year ended June 30, 2018, the County determined that contributed capital for Public Utilities and the East Moore Water District was understated in prior years. Therefore, an adjustment to beginning net position has been recorded in the amount of \$627,531 for Public Utilities and \$521,741 for East Moore Water District in the government-wide statements and Proprietary Funds.

Note 17.
Subsequent event

On May 8, 2018, the citizens of the County of Moore approved by referendum the issuance of general obligation bonds in the amount of \$103 million for Moore County Schools for acquiring and constructing new elementary schools and improving, expanding and renovating other public school facilities and in the amount of \$20 million for Sandhills Community College for acquiring, constructing, improving, expanding, renovating and equipping community college facilities, including Nursing Education Facilities. On September 11, 2018, \$31 million of these bonds, General Obligation School Bonds, Series 2018, was issued and the remaining \$72 million will be issued in spring 2019; however the \$20 million general obligation bonds for Sandhills Community College will be issued in 2022.

STATISTICAL SECTION

This part of the County of Moore's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	140
Revenue Capacity These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.	145
Debt Capacity These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	149
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	152
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	154

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes: The County of Moore began to report accrual information when it implemented GASB Statement 34 in fiscal year 2003.

Property in the county is reassessed every four years. Tax rates are per \$100 of assessed value. Tax rate is as of July 1 of each fiscal year.

Moore County does not display any components of the total direct rate as the County appropriate fund balance and capital reserve funds to pay for debt payments and major capital projects.

Starting FY 2011, Circle V and Cameron Fire Districts were combined into V Cypress Point Fire District.

Starting FY 2016, All Fire Districts are assessed the same rate.

Starting FY 2018, Crestline Fire District was combined with Aberdeen Fire District.

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

To the Board of Commissioners
Moore County
Carthage, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Moore County, North Carolina, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 30, 2018. Our report includes a reference to other auditors who audited the financial statements of the Moore County ABC Board, as described in our report on Moore County's financial statements. The financial statements of the Moore County ABC Board and Moore County Convention and Visitors Bureau were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Moore County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Moore County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings, Responses, and Questioned Costs as items 2018-001 and 2018-002, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Moore County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Moore County's Responses to Findings

Moore County's responses to the findings identified in our audit are described in the accompanying Corrective Action Plan. Moore County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Moore County, North Carolina's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of Moore County's major federal programs for the year ended June 30, 2018. Moore County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Moore County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Moore County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Moore County's compliance.

Opinion on Each Major Federal Program

In our opinion, Moore County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of Moore County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Moore County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control over compliance, described in the accompanying Schedule of Findings, Responses and Questioned Costs as item 2018-003, that we consider to be a material weakness.

Moore County's response to the internal control over compliance finding identified in our audit is described in the accompanying Corrective Action Plan. Moore County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance For Each Major State Program; Report On Internal Control Over Compliance; In Accordance With the Uniform Guidance; And The State Single Audit Implementation Act

Independent Auditor's Report

To the Board of Commissioners
Moore County
Carthage, North Carolina

Report On Compliance for Each Major State Program

We have audited Moore County, North Carolina's, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of Moore County's major state programs for the year ended June 30, 2018. Moore County's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Moore County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; applicable sections of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act, require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Moore County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Moore County's compliance.

Opinion on Each Major State Program

In our opinion, Moore County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of Moore County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Moore County's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control over compliance, described in the accompanying Schedule of Findings, Responses and Questioned Costs as items 2018-003 and 2018-004, that we consider to be material weaknesses.

Moore County's responses to the internal control over compliance findings in our audit are described in the accompanying Corrective Action Plan. Moore County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

• Material weakness(es) identified?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
• Significant deficiency (s) identified?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> None reported

Type of auditor's report issued on compliance for major state programs:

Unmodified

Any findings disclosed that are required to be reported in accordance with the State Single Audit Implementation Act?

Yes No

Identification of major state programs:

Aging Cluster
Medicaid Cluster
Public School Building Capital Fund

MOORE COUNTY, NORTH CAROLINA
SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

Section II. Financial Statement Findings

Material Weakness

Finding 2018-001

Criteria: Management should have a system in place to reduce the likelihood of errors in financial reporting.

Condition: During the fiscal year ended June 30, 2018, management determined that certain capital assets were not properly added to the capital asset system in the year of acquisition. Beginning capital asset and related net position balances have been adjusted for that reporting error for the business-type activities.

Effect: For the statements affected, the prior year financial statements were misstated by those amounts.

Cause: Developer donated assets were excluded from capitalized asset listings.

Recommendation: Additional review of capital asset listings should be completed annually by management for accuracy and completeness to prevent prior period adjustments in the future.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with this finding. Please refer to the Corrective Action Plan.

Material Weakness

Finding 2018-002

Criteria: Management should have a system in place to reduce the likelihood of errors in financial reporting and payroll data.

Condition: While performing internal control procedures over payroll data, we discovered that one employee's I-9 form was not documented completely. Section II to document verification of identification was not filled in.

Effect: Payroll information documented for the employee was incomplete.

Cause: Human Resources did not document payroll information correctly.

Recommendation: Management should audit their employees' payroll files and documentation to ensure that all paperwork required is present, completed, and documented as required.

Views of Responsible Officials and Planned Corrective Actions: Management agrees with this finding. Please refer to the Corrective Action Plan.

MOORE COUNTY, NORTH CAROLINA
SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

Section III. Federal Award Findings and Questioned Costs

US Department of Health and Human Services

Passed through the NC Dept. of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Grant Number: XIX-MAP18

Finding: 2018-003

Material Weakness

Criteria: Federal regulations 42 CFR 435 require documentation be obtained as needed to determine if a recipient meets specific eligibility standards, and documentation must be maintained to support eligibility determinations. In accordance with 2 CFR 200, management should have an adequate system of internal control procedures in place to ensure that active cases are eligible for benefits and that closed casefiles are terminated or redetermined timely.

Condition: Twelve applicants did not show the correct values based on supporting documentation or have any documentation for real property, liquid assets, and/or vehicles and other personal property verifications for the certification period covering the dates of service we tested. These criteria are part of the total resources computed accurately compliance requirement. Furthermore, one of those twelve also did not have documentation for household composition. Upon further review and recalculation, each applicant tested was eligible to receive Medicaid benefits.

Context: Of the 355,386 Medicaid benefit payments (valued at \$64,495,052), we examined 96 (valued at \$18,352) and determined that the above condition applied to twelve applicants (13%). Upon further review, necessary verifications were provided and recalculation was completed at a later date and the twelve applicants were determined eligible.

Effect: Casefiles could be missing the required documentation which would allow benefits to be provided to individuals who were not eligible.

Cause: Caseworkers did not obtain and key in to NC FAST the total resources correctly. Household composition documentation was not obtained as required during certification.

Identification of a Repeat Finding: This is a repeat finding from the immediate previous audit, 2017-002.

Questioned Costs: None. The County was able to substantiate that the applicants were eligible to receive benefits.

Recommendation: Caseworkers should review their eligibility determinations and ensure all items on their checklist of items required are complete before approving benefits and contained in the casefile.

Views of Responsible Officials and Planned Corrective Actions: Management concurs with this finding. Please refer to the Corrective Action Plan.

MOORE COUNTY, NORTH CAROLINA
SCHEDULE OF FINDINGS, RESPONSES, AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

Section IV. State Award Findings and Questioned Costs

N.C. Department of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

Finding: 2018-003 – See more details at Finding 2018-003 in Section III – Federal Award Findings and Questioned Costs.

N.C. Department of Public Instruction

Program Name: Public School Building Capital Fund

Finding: 2018-004

Material Weakness

Criteria: Management should have a system in place to ensure that monthly statements furnished by the State Treasurer's Office are reconciled within 15 calendar days following receipt of the statement.

Condition: Public School Building Capital Fund is a state program administered by the Finance Department of the County. During our procedures, we noted that a reconciliation of the State Treasurer's Office's monthly reports was not being performed.

Context: We noted the condition above during our testing of the state program.

Effect: A reconciliation was not being performed in the Core Banking System.

Cause: The Finance Department was not aware of the additional procedure required by the state program.

Questioned Costs: The finding represents an internal control issue; therefore questioned cost is not applicable.

Recommendation: Management should put controls in place to ensure that all required processes and procedures of a state program is being followed.

Views of Responsible Officials and Planned Corrective Actions: Management concurs with this finding. Please refer to the Corrective Action Plan.

**CORRECTIVE ACTION PLAN
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Section II. Financial Statement Findings

Finding: 2018-001

Name of Contact Person: Caroline Xiong, Finance Director

Corrective Action/Management's Response: The County recorded a prior period adjustment for both Public Utilities and the East Moore Water District related to capital assets. The adjustment was due to contributed capital that was deeded to the County from developers. It was discovered that the assets were not being properly recorded on the County's financials by internal staff.

The Public Works Department has been made aware of the issue and has been asked that Finance and the County Auditor be made aware of all contributed capital and when any Deeds of Dedication will be going to the Board of Commissioners. Public Works has also been asked to change their contract with the developers to include the developers estimated value of the assets that are deeded to the County.

Proposed Completion Date: The process of identifying any Deeds of Dedication for the Public Works departments are in place. Public Works is revising their Water and Wastewater Development Policy to provide costs for the infrastructure which should be completed by 2/28/19.

**CORRECTIVE ACTION PLAN
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Section II. Financial Statement Findings

Finding: **2018-002**

Name of Contact Person: Dawn Spivey, Human Resources Director

Corrective Action/Management's Response: The I-9 form that was identified during the audit revealed that Section II was not documented completely. The employee was contacted on September 10, 2018 regarding the finding. On September 11, 2018, the employee came to Human Resources with proper identification, and a new I-9 form was completed in its entirety per the guidelines provided by the U.S. Citizenship and Immigration Services (USCIS).

To prevent error findings in the future, I-9 forms completed will be audited weekly by another staff member of the Human Resources department to ensure the form has been documented completely. The staff member will initial the I-9 form confirming a double check of the form occurred.

Proposed Completion Date: Corrective action was taken September 11, 2018, which consisted of completion of a new I-9 form with all sections being properly completed.

The process of double checking I-9 forms has been implemented as of November 2018.

Section III. Federal Award Findings and Questioned Costs

Finding: 2018-003

Name of Contact Person: Laura Cockman, DSS Director

Corrective Action/Management's Response: Caseworkers are attending unit meetings to review proper documentation to be retained and procedures to be followed. Checklists are required to be utilized to ensure proper documentation is reviewed. Second party reviews are completed monthly to ensure caseworkers follow required procedures and cases are accurate. Workers are held accountable for outcomes/actions for correct eligibility determination on cases. Supervisors will utilize Learning Gateway webinars and topical manual policy as training tools to provide guidance and support for workers. A "Daily Norms and Expectations" form has been developed and is being utilized by Medicaid Staff to ensure proper procedures are followed each day.

Proposed Completion Date: All corrective action items will be implemented by December 31, 2018 and continue indefinitely.

Notes to Schedule of Expenditures of Federal and State Awards:

Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and state grant activity of Moore County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2018. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of Moore County, it is not intended to and does not present the financial position, changes in net position or cash flows of Moore County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care, Special Children Adoption Incentive Fund, HIV, and Foster Care and Adoption Clusters.

Note 4: Indirect Cost Rate

Moore County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
