## OVERVIEW:

The Manager's recommended budget provides a sound basis and balanced budget plan for managing the upcoming fiscal year's revenues and expenditures across all fund types and has been developed with the following guiding principles:

- II. Prioritize education, public safety, and public health
- III. Identify expense reductions and ensure effective fund and position allocations
- IV. Preserve the employee benefits and compensation package to include the potential for implementation of updated Pay & Class Plan, and to ensure the sustainability of the County's Self-Insurance program

The 2019 Recommended Budget is balanced at \$142,990,258 for all County operations and debt service requirements which equates to a 5.00% increase as compared to the fiscal year 2018 adopted original budget. ### **GUIDING PRINCIPLES (continued):**

#### **III. Identify expense reductions and ensuring effective fund and position allocations:**

Although the overall FY 2019 budget includes an increase of 5.00%, the Budget Team worked diligently throughout the budget development process in reviewing requests, reviewing operations, reviewing revenue and expense trends, and allocating funds to contain costs while maximizing service delivery.

The chart below provides the total Full Time Equivalent (FTE) allocation for FY 2019 as well as a comparison to FTE allocations for prior years to FY 2008. The proposed budget includes an increase of 13 full-time positions and 1 part-time position with the General Fund accounting for 6 of the full-time and 1 part-time positions. Non-General Fund agencies accounting for the remaining 7 positions are Advanced Life Support/Emergency Medical Services with 6 full-time positions to further the transition away from a 24-on-48-off schedule to a 12-hour schedule; and Moore County Public Works with 1 full-time position for cross-connection control activities. The chart behind page 6 of tab 1 provides details of each department's allocation.

Special Revenue Funds – Special Revenue Funds account for the proceeds of specific revenue sources (other than trusts for individuals, private organizations, or other governments, or for major capital projects) that are legally restricted to expenditures for specific purposes.

Internal Service Funds – Internal Service Funds account for activities that provide goods and services to other departments or agencies on a cost-reimbursement basis.

## **OVERVIEW OF COMPENSATION & BENEFITS INCLUDED IN FY 2019 BUDGET:**

### **Compensation and Benefits Recommendations:**

The recommended FY 2019 budget proposes funding for the following:

- Completion and implementation of an updated pay and classification plan for all county positions.
- Fully funding the Longevity plan
- Maintaining the annual number of holidays at 12.
- Progression through the Step Plan for employees who are not at step 5 of his/her current position but are anticipating advancing during the fiscal year.
- Contribution to employee retirement which is budgeted at 7.75% for non-law enforcement employees and 8.50% for law enforcement employees.
- Contribution to employee 401k retirement plan at 3.00% for non-law enforcement employees with 3 or more years of service, 1.5% for non-law enforcement employees with fewer than 3 years of service, and 5.00% for law enforcement employees.
- Life insurance at 2X an employee's annual salary.
- Wellness Works Program which is treated as an assessment back to the departments based on the number of funded positions and equating to a charge of \$500 per employee.
- Employee health benefits coverage with no plan design changes for employees; however, premium increases for dependent coverage is recommended and included.

Controlling the cost of providing health insurance for employees continues to be a challenge as well as managing the plan and incorporating requirements resulting from the Affordable Care Act. In taking a proactive approach, the County offers a Wellness Center for employees and dependents as well as a wellness incentive for employees. The FY 2019 budget proposes no increases to the cost per employee for coverage; however, the proposed budget does recommend and includes premium increases for dependent coverage. Deductibles, co-pays, and out-of-pocket levels remain the same. The review and analysis of the self-insurance plan indicated the need to increase dependent coverage premiums and also indicates the need to consider future year modifications to the employee contribution provided by the County, dependent coverage premiums, as well as the copays, deductibles, out-of-pocket amounts, etc. The County's health insurance plan fully complies with provisions contained in the Affordable Care Act.

**OVERVIEW OF COMPENSATION & BENEFITS INCLUDED IN FY 2019 BUDGET  
(continued):**

Regarding the continued proactive approach of offering a wellness incentive for employees, the FY 2019 budget requires all employees to pay a \$15.00 per pay period premium for health benefits coverage. The wellness incentive program offers a savings opportunity whereby employees choosing to participate in a biometric screening and consultation will receive a \$15.00 per pay period reduction in employee premium.

## **FISCAL YEAR 2019 NARRATIVE OF BUDGETED FUNDS (continued):**

### **General Fund Continued**

- The total tax base which includes real property, personal property, motor vehicles and public service company values is estimated at \$12,544,512,630. At the time of development of this document, there could be pending legislative and property valuation factors that could have a negative impact on the tax valuation.
- The proposed budget accounts for the 2% discount for early payment of property taxes prior to September 1, 2018. The impact of the discount is estimated at \$700,000. A positive result of the discount is that approximately 65% of property taxes are collected prior to the end of the discount period.
- The property tax revenue is based on a collection rate of 98.5% for real and personal property.
- A penny on the tax rate is projected to result in \$1,223,250 in revenue.

#### *Revenue Source Sales Tax:*

The sales tax estimate for fiscal year 2019 is \$18,073,217 which is a 3.87% increase over the current fiscal year projection of \$17,400,136. The projection is based on an analysis of the sales tax trend for this year as well as taking into consideration the continued impact of the expanded application of sales tax to include services.

#### *Revenue Source Other Taxes:*

Other taxes are made up of rental vehicles and ABC (alcohol beverage control) tax revenues. The budgeted amount of \$726,000 is an increase of \$36,000 from the current fiscal year due to the estimated increase in rental vehicle tax and reclassifying video franchise revenue to this category from Departmental Fees.

#### *Revenue Source Interest Earnings:*

In distant years past, revenue from interest earnings provided about \$1.5 million to the General Fund. Since the economic downturn, interest rates have been at historical lows, which have greatly impacted this revenue source; however, recent years have yielded greater interest. This budget recommends an increase in projections for this revenue stream setting the projected total at \$850,000.

#### *Revenue Source Departmental Fees:*

Revenues from user fees are expected to be \$9,006,524, which is a 10.15% or \$830,031 increase over the current year of \$8,176,493. These fees include any revenues generated by the departments through the County-adopted fee schedule. Generally, these fees are intended to pay or partially pay for a specific services offered by the County that is not widely used by the general public. Some departments that are included in the increase of fees for the General Fund are Planning, Solid Waste, Register of Deeds, Detention Center and Health.

#### *Revenue Source Restricted Intergovernmental Revenues or Grants:*

The total for this category of revenues is \$8,367,764.

The Department of Social Services expects to receive \$5,233,392 in revenues, which is \$2,293,995 lower than the current year revenues of \$7,527,387. The Health Department expects to receive \$749,769 in revenues, which is \$11,529 higher than the current year of \$738,240. Child Support expects to receive \$847,085 in revenues, which is \$91,882 higher than the current year expectation of \$755,203 and Aging expects to receive \$819,298 in revenues, which is \$25,390 higher than the current year expectation of \$793,908. The balance of \$718,220 for this revenue category is comprised of revenues related to Courts, JCPC, Solid Waste, Register of Deeds, Soil and Water, Sheriff, and Veteran Services.

#### *Revenue Source Transfers In:*

The transfers-in to the General Fund for the recommended FY 2019 budget consists of two components totaling \$2,010,000. The largest component is the \$2,000,000 from Capital Reserve for Debt Service and reflects the debt service model outlined in a number of the County's Financial Advisor's analysis and will be used for debt service on the new Area I Elementary School. The \$10,000 component is revenue for Bond Interest.

### **GENERAL FUND EXPENDITURE INFORMATION:**

At the beginning of the budget process, as in years past, Department Directors were asked to carefully review each anticipated expenditure request in an effort to keep expenditures as reasonable and necessary as possible. Administration and the Budget Team had several meetings surrounding the development of the FY 2019 budget with the Department Directors to review departmental requests, ask questions, and determine priorities. Additional meetings and discussions were held with representatives from Moore County Schools, Sandhills Community College, and various other representatives. Subsequent to meeting with the Department Directors and others, the Budget Team continued to meet and review all of the submitted requests in an effort to create a responsible and balanced budget. Listed below are key considerations and critical aspects of proposed expenditures of the General Fund for FY 2019.

#### *Expenditure Category General Government:*

General Government expenditures are budgeted at \$12,946,812 as compared with FY 2018 of \$12,403,321 which is a 4.38% increase. The services provided by General Government departments are intended to support other County Government departments and services as well as those activities related to property tax assessments and collections, Elections and Register of Deeds.

#### *Expenditure Category Public Safety:*

Public Safety expenditures are budgeted at \$13,655,312 as compared with FY 2018 of \$13,279,666 which is a 2.83% increase. Public Safety functions include Sheriff (to now include Animal Operations), Detention Center, Day Reporting Center, Youth Services, Fire Marshal, and 911 Communications. Public Safety has and always will be a vital part of the services provided to those living, working, and visiting Moore County.

#### *Expenditure Category Environmental:*

Environmental expenditures are budgeted at \$3,580,120 as compared with FY 2018 budget expenditures of \$3,508,054 which is a 2.05% increase. Departments and activities falling into this category include Planning (including Zoning and Inspections), Solid Waste, Cooperative Extension, and Soil & Water. The local residential and commercial building market has continued to experience improvement during the current fiscal year, a trend which looks to continue into and through next fiscal year.

#### *Expenditure Category Human Services:*

Human Services is comprised of the Health Department, Social Services, Child Support, Veteran's Services, and Aging/SEC. Animal Services was previously included in this category but was moved into the category of Public Safety when the operations were moved under the Office of the Sheriff.

The Health Department and the Department of Social Services comprise the largest portion of Human Services related expenditures accounting for \$12,485,008 of the total \$14,774,999 proposed budget of expenditures. The two charts below provide a detailed look at the current year proposed funding, as well as, a comparison for fiscal years budgeted figures back to FY 2014. The difference between the County Appropriation and the Total Budget for each department is made up of State and Federal grants, and fees.

#### *Expenditure Category Cultural Development:*

Cultural Development expenditures are budgeted at \$1,204,178 as compared with FY 2018 of \$1,231,137 which is a 2.19% (\$26,959) decrease. Funding in this category supports activities and functions within the Library and Parks & Recreation departments. The Library System budget includes funding for operations at branches in Aberdeen, Carthage, Pinebluff, Robbins and Vass. Parks and Recreation operations are located at Hillcrest Park and include baseball, softball, flag football, soccer, a walking trail, playground and Frisbee golf course; as well as a concession stand and picnic area. Other Parks and Recreation activities that take place at local school facilities include cheerleading, basketball, tennis, etc.

#### *Expenditure Category Education (Including Debt Service) Moore County Schools and Sandhills Community College:*

Funding for education is a major component of General Fund expenditures accounting for 45.97% of all general fund expenditures when totaling Expenses, Debt Service, Capital Outlay and other costs for both the Moore County Schools and Sandhills Community College. The following two charts detail the proposed fiscal year 2019 funding for the Moore County Schools and Sandhills Community College. The proposed funding takes into consideration statutory requirements for funding, the information provided by representatives of both entities, information regarding historic revenue and expenditure trends, as well as fund balance information.

There were a number of meetings with representatives from Moore County Schools regarding the various aspects of School funding of Current Expense, Capital Outlay, Digital Learning and Debt Service. For the current fiscal year, the Board of Commissioners delayed implementing the previously adopted Moore County School funding resolution included in budget development policy which established the mechanics of Moore County School funding. The Board will be asked to delay the implementation of the funding formula for this budget as well. Delaying the implementation for FY 2019 will allow for implementation in a revaluation year, and after the results of the planned 2018 quarter cent sales tax referendum are known. A resolution regarding Sandhills Community College funding was established in a prior year and has been incorporated into the Budget Policy. As with the College funding, adhering to a funding formula that is based on property and sales tax revenues should prove to be a smoother process for Moore County and Moore County Schools representatives and will also allow for School funding growth as property tax and sales tax grow.

Moore County Schools presented a budget request of \$31,000,000 for Current Expense, Charter Schools, Capital Expense, and Digital Learning which reflected a reduction of positions, the transition of supplemental pay of all positions from percentage based to scale based, and transferring some costs from local revenue sources to the Schools' Fund 8 revenue source. Earlier in the calendar year, the North Carolina General Assembly approved a phased-in approach to the reduction in class-size legislation and identified funding for certain teaching positions to coincide with the phased-in strategy. This action significantly reduced funding pressure at the local level for additional positions and additional facilities for FY 2019. Funding was secured for the new Area I Elementary School resulting in additional debt service which has also been incorporated into the budget recommendation. Voters approved \$123,000,000 in General Obligation Bonds during the May 2018 primary. The bonds will be issued over the next few years and will increase the debt service in subsequent fiscal years.

## **FISCAL YEAR 2019 NARRATIVE OF BUDGETED FUNDS (continued):**

### **General Fund Continued**

For Moore County Schools, the FY 2019 recommended total allocation including debt service is \$38,389,445. The allocation for Current Expense is \$29,500,000 which includes a carry forward of \$450,000 from an appropriation approved by the Board that was unspent. The allocation for Current Expense, Capital Outlay, and Digital Learning is \$31,000,000 which matches the request presented by Moore County Schools at the May 01, 2018 Board of Commissioners meeting.

For Sandhills Community College, the budget process has been significantly simplified because of the agreement on a funding formula and required only a few conversations to finalize the recommendation for FY 2019. The second chart below provides funding information related to Sandhills Community College back to FY 2010. The formula for Current Expense is set at 6% of budgeted sales and property tax revenue with a guarantee for each subsequent year allocation to not fall below the previous year allocation. In FY 2016, that guarantee was used since 6% of the budgeted sales and property tax of \$70,723,789 yielded an allocation of \$4,243,427 which is below the FY 2015 allocation. For FY 2019, with the estimated increase in property and sales tax, the allocation to Current Expense for Sandhills increased by \$131,540 to \$4,512,262.

Total funding for Sandhills Community College takes into account allocations for Debt Service; Decline in Debt Service which is based on College debt figures prior to the 2016 bond refunding activities by the County and the base year figure of FY 2014; and a Capital Reserve transfer based on the Comprehensive Annual Financial Report (CAFR) results. The dollars for the CAFR related transfer reflect 6% of the dollars that were over-and-above the County fiscal policy of maintaining a 17% unassigned General Fund balance. With the funding agreement in place, each year the County transfers into Capital Reserve the amount of unassigned dollars over the 17% threshold, 6% of that amount will be allocated to this category for the College. Per the agreement, the College has some flexibility and discretions as to the use of these funds.

Looking at all of the allocation categories for Sandhills Community College, the total budget allocation for FY 2019 is set at \$6,268,004 and will most likely be impacted when the FY 2018 CAFR results are finalized.

## FISCAL YEAR 2019 NARRATIVE OF BUDGETED FUNDS (continued):

### General Fund Continued

#### *Expenditure Category Debt Service (Excluding Education):*

Debt Service excluding education is budgeted at \$2,199,415 as compared with FY 2018 of \$2,731,110 which is a 19.46% decrease. This category of debt is associated with General Fund County Government operations not associated with Moore County Schools and Sandhills Community College; and is comprised of debt service for the Rick Rhyne Public Safety Center. A detail of total debt service is provided in the next section.

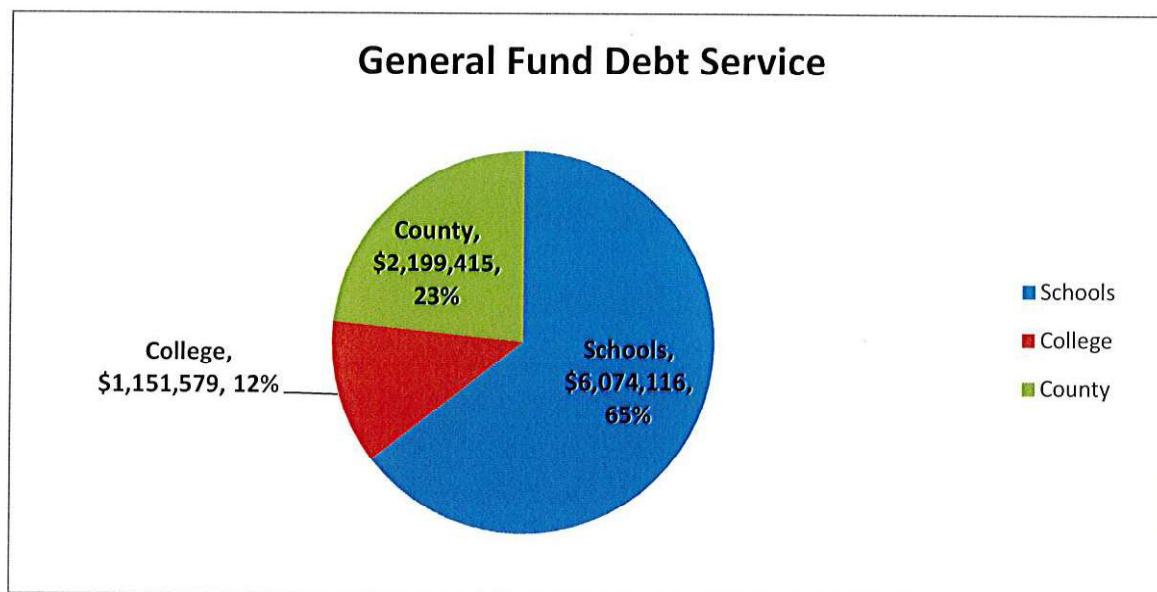

#### *Expenditure Category Debt Service (All General Fund Debt):*

Debt Service is budgeted at \$9,425,110 as compared with FY 2018 of \$7,913,160 which is an increase of \$1,511,950. The graph below provides the debt service allocation among the County, Moore County Schools, and Sandhills Community College. For Sandhills Community College, the reduction in debt service of \$604,165 as compared to FY 2014 (the base year for determining the calculation) will be allocated to SCC Capital Reserve for Debt Reduction. For Moore County Schools, the debt service reduction of \$1,315,331 as compared to the same FY 2014 base year will be allocated to Capital Reserve for Schools and will most likely be allocated back to the General Fund as a budget amendment to pay the Area III Aberdeen Elementary School debt service that is planned to occur later in FY 2019.

### **General Fund Continued**

#### *Expenditure Category Non-Departmental/Non Profit:*

Non-Departmental/Non Profit is budgeted at \$2,281,803 as compared with FY 2018 of \$1,563,847 which is a 45.91% increase. Included in this category is undistributed dollars for step advancements, longevity, and implementation of the updated pay and classification plan.

As each year's funding requirements increase, identifying funding available for non-profits becomes more of a challenge and FY 2019 provided the same challenge. The FY 2019 budget includes funding for a number of non-profits some of which are funded directly and some are funded by way of Sandhills Center. The FY 2019 budget provides funding for only a very small number of the many non-profits operating within Moore County, all of which have received funding for a number of years. This budget accelerates the FY 2015 budget recommendation and plan for the County to move away from funding of non-profits due to the increased challenge of identifying funding and the impossibility of providing funding to all non-profits on an equitable basis. The 2015 recommended plan called for a 20% reduction in FY 2019 for all non-profits, and for elimination of funding in the FY 2020 budget. The accelerated recommendation included in the FY 2019 recommended budget eliminates funding for most of the non-profits that were previously funded directly. For the non-profits realizing a funding reduction, the percentage reductions use FY 2014 as the base year in calculating the actual dollar reduction.

#### *Expenditure Category Transfers Out:*

Transfers Out is budgeted at \$3,234,049. Of the \$3,234,049, \$1,314,553 is transferring into a capital reserve account for governmental projects for the planned new court facility. \$604,165 is a transfer to Capital Reserve for Sandhills Community College and represents the reduction in debt service and is reflected in the graph of College funding. \$1,315,331 is a transfer to Capital Reserve for Moore County Schools and also reflects a reduction in debt service for debt that was on the books prior to the new Area I Elementary School debt being secured. This is the third year of the court facility related transfer and is a continuation of the effort of an overall funding strategy for the facility.

**This concludes the narrative for Moore County General Fund Expenditures.**

SPECIAL REVENUE, ENTERPRISE, INTERNAL SERVICE, AND  
COMPONENT UNIT FUND BUDGETING:**

*Public Safety/Emergency Management (Fund 200):*

Emergency Management is supported by the Advanced Life Support Tax which is proposed to increase by .01/\$100 of valuation from .03/\$100 of valuation to .04/\$100 and estimated to generate \$4,925,474 in revenue which includes collections of prior year taxes; and is supported by fees, other revenues, and appropriated fund balance (in prior years). The total proposed budget for fiscal year 2019 is balanced at \$8,483,211 in revenues and expenditures a 23.30% increase compared to FY 2018. The recommended budget includes funding for a proposed addition of 6 positions which will allow for the agency to continue the transition away from the 24 on/48 off schedule which is currently being used by a portion of the responders. The proposed budget also includes funding one Sprinter type van to replace a Quick Response Vehicle which will allow for QRV responses to transport patients if necessary, and funding for one ambulance remount.

*E911 Telephone (Fund 210):*

The E911 Telephone Fund is balanced at \$413,395 in revenues and expenditures. The revenues are comprised of the E911 surcharge on phone bills and there is no required fund balance appropriation. The use of the E911 surcharge funds are regulated by the State. Expenditures consist of Operating Cost and Capital Outlay.

FY18/19 - Unified Tax Rate @.095/\$100 Value**

*Moore County Fire Protection, Ambulance, and Rescue Service District (Fund 215):*

At the April 21, 2015 Board of Commissioner's meeting, the Board approved the creation of the Moore County Fire, Ambulance, and Rescue Service District allowing for a single tax rate to be applied to all properties not located within a municipality, thereby replacing the previous practice of having a separate tax rate for each of the 16 fire departments providing service to unincorporated areas. FY 2016 was the first year funding this new Service District which is now titled Fund 215. In FY 2015, the tax rates ranged from .04/\$100 to .111/\$100 and the new single rate established for FY 2016 was .08/\$100 and allowed for level funding of the various fire departments. The single rate for FY 2017 increased to .085/\$100 and was proposed to increase another .05/\$100 until a full implementation of the funding formula could be realized which included an estimated rate at the time of .105/\$100. The recommended FY 2019 budget includes the .05/\$100 increase for a proposed rate of .095/\$100. Fund 215 revenues also include a transfer in from Fund 200 of \$450,000 which allows for supporting rescue efforts of the various fire departments. Total revenue for Fund 215 is budgeted at \$4,643,644. Funding distribution to the various departments is detailed in the following chart and is determined based on a very detailed and intricate funding formula developed by the Moore County Fire Commission. Additionally, the recommended FY 2019 funding takes into consideration a phase-in strategy to ultimately get to the fully funded amount over a 5 year period.

*Soil and Water Conservation District (Fund 220):*

The Soil and Water Conservation Fund is balanced at \$21,771 in revenues and expenditures which is a \$500 increase as compared to the 2018 fiscal year budget. The Soil and Water Conservation District fund is supported by revenues generated by fees from services and matching State grant funds.

*Moore County Transportation Services (Fund 230):*

The Moore County Transportation Services Fund is balanced at \$1,487,683 in revenues and expenditures which is a \$470,299 increase from the 2018 fiscal year budget of \$1,017,384. The organizational change moving MCTS from the Department of Social Services to the Planning Department continues to allow for more direct management support and analysis of scheduling rider and routes and resulted in significantly improved efficiencies. During FY 2016, the decision was made to add a deviated route which has added more riders and increased revenues. The route has been designated as the A-Pines route and primarily covers Aberdeen, Southern Pines, and Pinehurst areas. For FY 2019, there are recommended rate schedule changes as detailed on page 37 of Tab 6 in the Budget Book. No appropriated fund balance to support operations or capital is recommended. A strategy going into FY 2020 will be to separate Transportation from Planning and allow the agency to operate as a stand-alone department.

*Enterprise Funds (Water Pollution Control Plant, 600) (Public Utilities, 610) (East Moore Water District, 620):*

Chart 1 on the next page provides the proposed budget for each of the Enterprise Funds, as well as, a comparison to the 2018 fiscal year budget. Chart 2 on the next page provides details related to Enterprise fund debt service for FY 2019. Departments within the Enterprise Fund generate sufficient revenues through the fee structure to cover the cost of the service being provided. The 2019 proposed fee schedule for the Water Pollution Control Plant includes an increase in flow rates for municipalities from \$2.95/1,000 gallons to \$3.07/1,000 gallons. The 2019 proposed fee schedule for Public Utilities and East Moore Water District recommends a number of changes resulting from the recently completed rate study and in order to be compliant with recently passed legislation. No base rate increases are recommended with the exception of a change to the 4" meter charge for East Moore Water District. Details of the various fee schedule recommendations are highlighted on pages 28 through 32 of Tab 6. During FY 2016, the decision was made to pay Harnett County the contractually required plant expansion funds ahead of schedule in order that Moore County begin receiving the reduced per-thousand gallon water rate earlier. As part of the Harnett agreement, there are 5 annual payments due each year after the completion of the water plan expansion. Phase I of the water sources expansion project which called for a new water line installation along Highway 73 to deliver water to the West End/Seven Lakes area customers is complete and water delivery is now taking place via these lines. East Moore Water District purchases the bulk water from Harnett County and in-turn sells water to East Moore Water District customers as well as sells water to Moore County Public Utilities. The Budget Team along with Public Works staff will continue to develop the plan for fully funding all three phases of the capacity expansion.

### *Risk Management (Fund 810):*

The Risk Management Fund, also known as the Self Insurance Fund, is the one remaining Internal Service Fund and is proposed to be budgeted at \$8,338,676 for fiscal year 2019. Revenues for Risk Management are generated from the per-employee assessments to each department that participates in the County Health Insurance Plan and Wellness Center operations and fees for dependent care coverage payments. Fiscal year 2014 was the first year First Carolina Care provided third party administrator services with the transition going very smoothly and Moore County looks forward to a continued positive and professional relationship. The chart below provides Risk Management budget details of budgeted and actual expenditures back to fiscal year 2009. As with the current fiscal year 2018, there is no recommended appropriation of fund balance for FY 2019. Prior fiscal year budgets have included appropriated fund balance up to \$1,000,000; however this is the second consecutive year of appropriating no fund balance in the original budget. For FY 2019, dependent coverage premiums are recommended to increase and there will be a review of dependents being covered to verify eligibility for participation. These steps are necessary in protecting the sustainability of the County's self-insurance program.

Note: The Airport and CVB budget has been included in the Manager's recommended budget as they have been in the past; however, inclusion in the County budget ordinance is not required.

## CAPITAL RESERVE INFORMATION:

At the end of FY 2017, Capital Reserve was comprised of six components, Capital Reserve for Governmental Projects, Capital Reserve for Debt Service, Capital Reserve for Enterprise Funds, Capital Reserve for Sandhills Community College, and Capital Reserve for Sandhills Community College Debt Reduction, Capital Reserve for Schools Debt Service Reduction. Per Moore County Fiscal Policy Guidelines which were recently revised, General Fund balance above 17% (previously 15%) of General Fund expenses at the end of each fiscal year is transferred into Capital Reserve. The amount to be transferred is divided with 94% going into Capital Reserve for Governmental Projects and 6% going into Capital Reserve for Sandhills Community College Projects. The chart titled Capital Reserve FY 2017 Audited Balance provides totals taken from the June 30, 2017 Comprehensive Annual Financial Report. However, since that report was generated there have been subsequent transfers into/out of one or more of the reserve accounts. Chart 2 shows the unaudited balances for each account as of 4/30/2018.

## **CAPITAL IMPROVEMENT PROJECTS:**

Moore County maintains a 10 year rolling Capital Improvement Plan (CIP) that lists numerous capital projects for the many funds, departments, and agencies included in the annual budgeting process. The general requirement for a project to be added to the CIP plan is for the project to exceed \$100,000 in cost and have a life expectancy of more than 1 year. There are a few exceptions to the general requirement such as vehicle purchases. Maintaining the vehicle fleet requires an ongoing replacement plan and the CIP contains an annual estimated amount to address this real world activity. Projects that are on the list, are reviewed regularly and will be funded based on a prioritization of projects and the availability of funding. Currently and as a result of the General Obligation bond approval, the priority focus for Moore County Schools will be the three elementary schools of Area III Aberdeen, Area III Southern Pines, and Area III Pinehurst. There is also a project planned for North Moore High School that was not included in the bond approval. Additionally, there is a focus on addressing judicial/court facility needs which includes building a new facility. The overall scope of the judicial/court project is still being defined and will develop over the next several weeks/months.

The Moore County Board of Commissioners generally include capital needs discussions in work session environments to gather more information on capital improvement needs and discuss in more detail plans for prioritizing and funding the immediate needs. The projects below are the most immediate projects being reviewed, analyzed and discussed.

### *Education:*

The recently, voter approved General Obligation bonds of \$123,000,000 included three projects for Moore County Schools and one project for Sandhills Community College. The project list for the bonds was developed after many, many meetings and discussions with County, School, and College representatives along with financial analyses provided by the County's financial advisors. During the May 2018 primary, the voters, by a large margin, approved the GO bond referendum. The projects for Moore County Schools are Area III Elementary in Aberdeen, Area III Elementary in Southern Pines, and Area III in Pinehurst. These projects will be undertaken on a staggered basis beginning with Area III Aberdeen which is likely to close on the bond issuance of an estimated \$31,000,000 by mid-September. The other two projects will follow in an estimated 6 month staggered interval. The College project is primarily focused on a \$20,000,000 medical educational facility; however, other related facilities may be improved as well. The issuance for GO bonds for the College project(s) is late FY 2021 to early FY 2022. As has been discussed in meetings and described in previous budgets, Moore County Schools has a master facility list that goes well beyond the three elementary school projects listed above, and there are considerable deferred maintenance projects that will need addressing in budgets to come.

### *Water/Sewer Resources Expansion:*

In September 2013, the Board approved an agreement with Harnett County for the purchase of 3 Million Gallons per day (MGD) capacity in the Harnett County Water Treatment plant expansion. The cost for the Harnett plant expansion and needed upgrades to the Harnett system to allow for delivery of the water is budgeted at \$5,450,000. Phase I of the project (\$8,145,733) which included the \$5,450,000 and the water line installation along Hwy 73 is complete. Payment for the new water lines along Hwy 73 is complete and the initial payments to Harnett County for the plant expansion have been paid ahead of schedule. The Harnett County agreement calls for 5 annual payments of \$390,000 to take place each year after the plant expansion is completed; one installment payment has been made with the second due shortly after the beginning of FY 2019. The estimated cost of the entire project which is divided into

3 phases is \$14.1 Million and the funding plan for all three phases of the project continues to be developed.

The Vass sewer expansion and upgrade project is underway with the engineering analysis completed and a funding application which included low interest loan and grant funds has been approved by United States Department of Agriculture. This project involves replacement of existing on-site septic services, the addition of new sewer lines, and the elimination of capacity bottlenecks in the Vass system.

Discussions have also taken place regarding advancing activity with East Moore Water District and incorporating the Town of Robbins into the district either as a bulk customer or as part of the District. The latest discussions involve extending a water line along Highway 211 to Highway 705 and connecting with the Robbins system. There have been a number of discussions regarding the details of this project and there are several factors being addressed ahead of a final recommendation.

#### *Court Facility:*

Renovations to the existing court facility included expanding the Clerk of Courts area and adding office space for Probation and Parole on level 0; renovating Courtrooms 105 and 108, modifying the Clerks area, and adding conference rooms on level 1; modifications to the attorney's area on level 2; adding an elevator and entrance area on level 1 at the front of the facility. The Renovations were aimed at improving operations for the Clerk, providing additional conference areas, improving functionality of Courtrooms 105 and 108, and improve access, flow, and security for the facility and operations. Renovations allowed for termination of leases previously needed to support Probation and Parole. The original contract amount for the project was \$1,448,000.

The renovations now completed, have allowed for continued operations of court related functions while plans for a new facility are developed and construction completed. The Sheriff has also implemented several new initiatives to enhance security in and around the court facility and will continue to take steps to ensure the security of those working in and doing business in the facility.

Planning and activities for the construction of a new facility are ongoing with the current activities being the review of architect proposals submitted during the Request for Proposals process. There is a sub-committee of the Court Facility Advisory Committee tasked with reviewing the proposals and ultimately narrowing the selection to a final architectural firm to be brought back for the full Committee's approval and recommendation to the Board of Commissioners. Several members of the Court Facility Advisory Committee have visited various other court facilities to gain ideas and understanding of considerations for a Moore County facility. The funding strategy for a new facility will primarily rely on the decline in debt service of non-school and college related debt over the next several years. In the early years (1 to 4), funds are anticipated to accumulate and once debt is taken on for the project, the accumulated funds and future declines in debt service are expected to cover the new debt. Enhancing this strategy was the acceleration of the decline in debt service by going through an advanced refunding of existing bonds which lowered the interest rate and annual payments significantly. This identified source of funding can fund approximately \$20,000,000 of project costs; should additional funding be needed, a strategy will be presented to the Board of Commissioners. The architect will be tasked with addressing Court needs by utilizing as much existing facility space as possible, incorporating technology to enhance security as well as reduce needed new facility space, and designing an efficient facility for utilities, traffic flow, maintenance, and long term sustainability.

*EMS:*

EMS staff is looking at 2 potential projects involving partnerships with Southern Pines and Pinehurst for Moore County EMS to utilize space in facility additions/expansions that each entity has in the works. The Southern Pines project, which the Board of Commissioners recently approved a resolution supporting the County's participation in, is an effort to relocate the ambulance currently stationed at the Airport. The relocation will allow for improved response times, improved staffing quarters, and reduced cost. The Pinehurst project will allow for a relocation of the Pinehurst based response staff and vehicles from an existing facility that is in need of extensive renovations to additional space the Village of Pinehurst is considering adding onto the Pinehurst Fire Station. The current strategy involves looking at a long term lease with Southern Pines and Pinehurst which will eliminate having to pay out a significant amount of upfront dollars while securing EMS space in each facility as permanent occupancy.

*Parks and Recreation:*

Discussions and research continue to take place for building a recreation center at Hillcrest Park to include two basketball courts, multi-purpose rooms, concession area, and office space. As part of the park enhancement, a splash pad will be incorporated into the playground area and ADA accessible playground equipment will be added. Estimated costs originally ranged from \$1.5 to \$2.3 million; however, the latest estimated cost is approximately \$3.5 million. The Board approved a contract with the architectural firm of Clark, Patterson, Lee for the update of a Master Park Plan at Hillcrest Park and the design of the proposed facility. The Board has also approved the project ordinance for this capital project and there is currently \$3,518,614 dollars in the fund (fund 433). In addition to the existing project ordinance funds, additional funds may materialize from the sale of surplus property and contributions from individuals, businesses, and other partners.

## **ADDITIONAL POINTS OF INTEREST/CONCERN:**

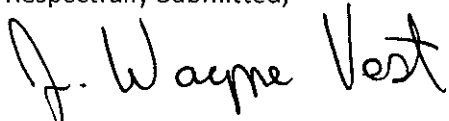

- The County unemployment rate tracks closely with that of the State with nearly all months indicating the County at one to three tenths higher/lower than the State. For January, February, and March the County unemployment rate was 4.7%, 4.5%, and 4.3% respectively and State unemployment rate was 4.5% for all three months.
- The County will be conducting a county-wide revaluation to become effective January 1, 2019. The resulting tax base will be used in the development of the FY 2020 budget. Some items that will be the focus of FY 2020 budget discussions will be the revenue-neutral rate, the funding formula revisions for Moore County Schools and Sandhills Community College, and the impact on the fire service district rate and formula implementation plan.
- Subsequent to the voter's approval of the \$123,000,000 General Obligation bonds, a potential referendum is planned for a ¼ cent sales tax to be included on the November 2018 election ballot. Should the measure be approved, it will generate an estimated \$2,100,000 in revenue which will reduce the reliance on property tax for funding educational debt (the Board has in the past indicated the additional sales tax revenue would be used for educational debt).
- The Board of Commissioners and the Board of Education will continue to work together to encourage appropriated State funding for Moore County Schools reducing the pressure for County funding of positions and operations and enhancing the capital needs funding strategy.

## **SUMMARY:**

In summary, the 2019 budget has been developed in accordance with all statutory provisions and provides a fiscally sound and fiscally responsible map for administering the revenues and expenditures for the 2019 fiscal year. The budget is balanced at \$142,990,258 in revenues and expenditures and ensures the continued successful operations of the County in providing the highest level of services in a very efficient and effective manner.

I would like to express my thanks and appreciation for the opportunity to develop and present the 2019 fiscal year budget, and most of all I would like to express thanks and appreciation for all of the individuals, teams, groups, committees, and entities who have dedicated a large amount of expertise and time in helping create a very sound and responsible budget; without everyone's patience and input, the budget process would be infinitely more challenging.

Respectfully Submitted,
