CARTHAGE, NC: Moore County Public Safety Officials continue to monitor the flooding at Crystal Lake in Lakeview community just south of Vass North Carolina. The North Carolina Dam Safety inspector has been on site to complete an evaluation. Currently there is **no imminent** threat of dam failure. The State inspector continues to evaluate dams near Taylortown, Whispering Pines and Southern Pines.

We encourage citizens to continue to be aware of flooding across the county. During nighttime flooded roadways are difficult to see if you approach these conditions, **“Turn Around Don’t Drown.”**

To report power outages, contact your power company directly.

Please contact the NC Department of Transportation or your local municipal Public Works Department concerning road clearing operations. You can call 511 or online at <https://drivenc.gov/>.

Emergency Shelter Operations will be in a Stand-By mode.

Citizens can keep up with current events happening with Moore County Public Safety by following us on Facebook (www.facebook.com/moorecountyps) or County webpage.
