

## **System Pressure Advisory Rescinded!**

The System Pressure Advisory issued on 7/6/25 for Moore County Public Utilities – Pinehurst water customers in the Lake Pinehurst and No. 7 communities has been **RESCINDED**. The water has been tested and has been found safe to drink. If customers are still experiencing any trapped air or discolored water when they open their faucets, flushing each one vigorously for several minutes should clear up any issues.

Special thanks to all our water customers that conserved water during this time, it allowed a speedy recovery to normal operations.

This advisory rescinded on 7/8/25 at 11:00am by:
