Our News

Work Session Held 10/29/20

The commissioners convened for a day long work session on Thursday, October 29th. They covered a lot of information including water and sewer issues, capital projects, finances, planning issues, and economic development initiatives in the Town of Robbins. They were also joined by Senator Tom McInnis and Representative Jamie Boles who shared some breaking good news regarding the availability of more broadband service in Moore County. While everyone was distanced and masked, coming together to consider all these very important issues for Moore County was enjoyable and productive. Department of Aging Director Terri Prots and her staff hosted the event at the Senior Enrichment Center and provided lunch, and they are greatly appreciated by all!
