Budget Task Force Met 3/23

The Budget Task Force (Commissioners Picerno and Saunders) along with County staff met on March 23rd to receive detail on fiscal year 2017 budget requests from some of the County's larger departments and those headed by elected officials or with their own boards. This was a day-long meeting at the Rick Rhyme Public Safety Center and much was accomplished toward the development of the FY17 budget. County Manager Wayne Vest expects to present his recommended budget to the Board of Commissioners on May 3rd and the Board hopes to be prepared to adopt the budget at its June 7th meeting.

March Meetings Lasted Only Minutes

The commissioners' regular meetings this month were both very brief, with the March 1st meeting adjourning after 23 minutes and the March 15th meeting adjourning after only 15 minutes! There is no expectation for the April meetings to break these records as the agendas are likely to be a little longer than those presented in March, but since the time changed, there is still the opportunity to attend and make it home before dark! Come out and see your local government in action at one of the meetings, or tune in online. Click [here for the meeting schedule](#) and [here for the videos page](#).
