Moore County Reaches Fifteen COVID-19 Deaths

On July 10th, the Moore County Health Department was notified of the death of a Moore County resident whose death was determined to be related to COVID-19 infection. The individual was a white male over age 65 who passed away on July 7th.

Today’s reported death brings Moore County’s total to fifteen deaths that have been attributed to COVID-19 thus far. It is the seventh death in Moore County linked to community spread. Moore County’s other eight COVID-19 deaths were linked to outbreaks at long-term care facilities, Pinehurst Healthcare and Rehabilitation Center (6 deaths) and Fox Hollow (2 deaths).

COVID-19 deaths include people who have had a positive laboratory test for COVID-19, who died without fully recovering from COVID-19 and who had no alternative cause of death identified. Deaths are reported by hospitals and clinicians directly to the local and state health departments.

In total, there have been 597 confirmed COVID-19 cases in Moore County to date. To protect privacy, no further information about the individuals who have tested positive will be shared by the Health Department.

Moore County Health Department staff are monitoring individuals who have tested positive and will follow up with anyone who is identified as a close contact. The U.S. Centers for Disease Control and Prevention (CDC) defines “close contact” as being within six feet for 10 minutes or more.

The Moore County Health Department continues to encourage everyone to “**Know Their W’s**” and continue to exercise caution when out in public:

- W**ear a cloth face covering if you will be around other people
- W**ait six feet apart and avoid close contact
- W**ash your hands often for at least 20 seconds or use hand sanitizer

In addition to these measures, everyone is urged to continue to adhere to the following guidelines:

“To Protect and Promote Health through Prevention and Control of Disease and Injury.”

**Environmental Health
Telephone: 910-947-6283
Fax: 910-947-5127**

**WIC
Telephone: 910-947-3271
Fax: 910-947-2460**

- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home, especially if you are sick.
- Cover your cough or sneeze with your sleeve/elbow or with a tissue and be sure to throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

Under Executive Order 147, North Carolina remains in Safer At Home Phase 2 of lifting COVID-19 restrictions until Friday, July 17th. People are also required, with some exceptions, to wear face coverings while out in public when physical distancing of 6 feet is not possible. More information on the phase 2 extension including guidance on face coverings can be found here: <https://www.nc.gov/covid-19/staying-ahead-curve/phase-2-extension-faqs>

Instructions on how to create and wear your own cloth face covering can be found here:
<https://www.cdc.gov/coronavirus/2019-ncov/downloads/DIY-cloth-face-covering-instructions.pdf>

NCDHHS has a **“Check My Symptoms”** tool that can help determine if you’re recommended to be tested for COVID-19. That tool can be found at <https://ncdhhs-covid19-dtra.powerappsportals.us/>. If you are a person who needs testing, you can use the **“Test Site Finder”** application to help locate a testing site near you. That application can be found at <https://covid19.ncdhhs.gov/about-covid-19/testing/find-my-testing-place>.
