COVID-19 Outbreak Identified at RHA Health Services of Aberdeen

The Moore County Health Department has been notified of confirmed positive COVID-19 test results for four staff members and one resident of RHA Health Services of Aberdeen (126 Robin Hood Lane, Aberdeen). RHA Health Services is an intermediate care facility that provides comprehensive support services for people with intellectual, physical and developmental disabilities. In long-term care or congregate living settings, a COVID-19 outbreak is defined as two or more laboratory-confirmed cases.

With the addition of RHA Health Services, Moore County's cumulative total of COVID-19 outbreaks in long-term care and congregate living settings is now ten since the pandemic began. Of the ten total outbreaks Moore County has experienced, three have been declared concluded (Pinehurst Healthcare & Rehabilitation Center, Fox Hollow, and Seven Lakes Assisted Living and Memory Care).

You can find more detailed information regarding ongoing COVID-19 outbreaks in long-term care & congregate living facilities in Moore and other NC Counties by accessing a report published by the North Carolina Department of Health and Human Services (NCDHHS) at https://files.nc.gov/covid/documents/dashboard/Weekly-COVID19-Ongoing-Outbreaks.pdf.

In total, there have been 1,391 confirmed COVID-19 cases in Moore County to date. To protect privacy, no further information about the individuals who have tested positive will be shared by the Health Department.
