your future...*

Family Planning in Moore County

What is it?

The Family Planning Program is a comprehensive family planning and preventative health service designed to help residents of Moore County plan for if and when they want children.

The Moore County Health Department strives to reduce:

- ◆ Adolescent pregnancy rates of females ages 10-17
- ◆ Repeat teen pregnancies for teens under 17 years of age
- ◆ Short birth intervals of less than 6 months between birth and conception
- ◆ Percentage of unintended or unwanted pregnancies

Clinical Services

The Family Planning Program provides contraceptive services, health screenings, and examinations, sexually transmitted disease screening and treatment, preconception health screening and counseling, community education, and immunizations.

Contraceptive Services

Some of the birth control methods offered at the Moore County Health Department include abstinence education, oral contraceptive pills, patches, Nuva Ring, intrauterine devices, implants, Depo, condoms/vaginal film, diaphragms, and emergency contraception.

Other Services

Moore County Health Department also offers assistance with sterilization and basic infertility.

Who is Eligible for Services?

Any resident of Moore County may come to the Health Department for the Family Planning Program.

What is the Cost?

Fees for services are based on a sliding fee scale.

How are Appointments Made?

Each week, several Family Planning clinics are held at the Health Department. Patients are seen by appointment only. Appointments can be made by calling 910-947-3300. Moore County Health Department can also provide free language assistance in Spanish and other major languages.
