

# COVID-19 Infection Prevention Tool - Demographics

Thank you for using the long-term care infection prevention assessment tool for COVID-19!

We hope that this tool will help you prepare for and respond to cases of COVID-19 in your facility. For more infection prevention resources for long-term care facilities, please see the NC DHHS website or the NC Statewide Program for Infection Control and Epidemiology (NC SPICE) website.

If you have any questions about this survey, please contact us at:
