Mrs. Thompson explained to the board the portion of question is located in the right of way and the zoning designation does not apply to the right of way.

Public Hearing #6 - Unified Development Ordinance Text Amendments

Moore County staff is requesting amendments to the Moore County Unified Development Ordinance.

Planning Director Debra Ensminger presented to the board the requested amendments as noted within the staff report.

- Amend Chapter 2 (Review Bodies and Administrator), Section 2.1 (Board of Commissioners), Subsection A (Powers and Duties)
- Amend Chapter 2 (Review Bodies and Administrator), Section 2.3 (Subdivision Review Board), Subsection A (Powers and Duties)
- Amend Chapter 6 (Table of Uses), Section 6.1 (Table of Uses)
- Amend Chapter 18 (Subdivisions), Section 18.6 (Major Subdivisions-Preliminary Plat Submittal and Review)

  - Item S (Adequacy of Public School Facilities) language within the staff report will be removed from this text amendment request at the recommendation of the County attorneys.
- Amend Chapter 18 (Subdivisions), Section 18.9 (Option 2-Conventional Subdivision Design Standards)
- Amend Chapter 18 (Subdivisions), Section 18.11 (Final Plat Submittal)

Ms. Ensminger explained to the board the request is to guide growth in areas that will not place a strain on the county resources that are available like water and sewer. The recommended changes will allow all major subdivisions to be placed only in the Rural and Agricultural-40 (RA-40), Rural and Agricultural-20 (RA-20), and Rural and Agricultural-Urban Service Boundary (RA-USB) through a conditional use permit and would go before the Board of Commissioners for review/approval.

Board Chair Nobles asked if this process would prevent future major subdivisions to happen in areas beyond RA-40, RA-20 and RA-USB.

Ms. Ensminger explained future development could go through a rezoning request for those properties adjacent to RA-40, RA-20 and RA-USB zonings areas and then follow the same process as outlined in the Unified Development Ordinance. The intent is not to stop development and growth but to guide development and growth in areas that can support it.
Board Member Jeffrey Gilbert inquired if the county was to continue to grow and extend out to areas beyond allowed what point would septic tanks not be sustainable and what impact would it be on the developer to provide sewer and assume the cost of installation.

Ms. Ensminger explained this would be a big impact on the developer and would prevent development. Currently the county provides water and sewer in some areas, typically only water is provided by the county in areas that do not have sewer available and septic systems are used. This request is to provide guidance to development in areas were current infrastructure is available.

Board Member Harry Huberth commented on the storm water drainage options and recommended stricter rules to be put in place to protect the public.

Mrs. Thompson approached the podium and explained to the board staff has reached out to the Department of Environmental Quality (DEQ) and will present options to the board once further research has been completed regarding drainage requirements.

Board Member Jeffrey Gilbert requested information how the buyer could be protected regarding agriculture land and potential aromas that come along with agricultural uses.

Board Member Harry Huberth explained Moore County has what is called a Voluntary Agricultural District (VAD) and it is the responsibility of the buyer’s realtor to inform their client if the property is within this district.

Chairman Nobles opened the Public Hearing, with no further discussion or Public Comment Chairman Nobles closed the public hearing.

Board Member Joe Garrison made a motion to adopt the attached Moore County Planning Board Land Use Plan Consistency Statement approval and authorize its Chairman to execute the document as required by North Carolina General Statute 153A-341.
