MEMORANDUM TO THE PLANNING BOARD

FROM: Debra Ensminger
Planning and Inspections Director

DATE: December 3, 2021

SUBJECT: General Use Rezoning Request: Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA) – Providence Chapel Rd

PRESENTER: Betty Lynd

REQUEST
Brian Adam Johnson is requesting a General Use Rezoning from Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA) of one parcel of approximately 58.69 acres located at 246 Providence Chapel Road, owned by Brian Adam Johnson, per Deed Book 4996 Page 477 and further described as ParID 00007399 in Moore County Tax Records.

Public notification consisted of publishing a legal notice in the local newspaper for two consecutive weeks, notification by mail to adjacent property owners, and placing public hearing signs on the property.

BACKGROUND
The subject property is currently undeveloped. The property was initially zoned Rural Business (RB) & Rural Agricultural (RA) when the County implemented county-wide zoning in 1999, as a sawmill operated at this location. The property was rezoned to Neighborhood Business (B-1) & Rural Agricultural (RA) as part of the adoption of the Moore County Unified Development Ordinance in 2014 as the Rural Business (RB) district was removed. Adjacent properties include single family dwellings, manufactured homes, and undeveloped property.

The parcel is within a half-mile of a Voluntary Agricultural District. The parcel is within the Bear Creek (CPF) WS-IIIP watershed.

ZONING DISTRICT COMPATIBILITY
The requested rezoning to Rural Agricultural (RA) is consistent with the existing uses located near the property, including residential uses. The surrounding area is zoned Rural Agricultural (RA).

CONSISTENCY WITH THE 2013 MOORE COUNTY LAND USE PLAN
The future land use map identifies the property as Rural Agricultural Classification. The requested rezoning to Rural Agricultural (RA) is compatible with the Rural Agricultural Land Use Classification as the RA district will permit the desired uses and support rural development.
The Land Use Plan states the Rural Agricultural Classification’s primary use of the land is to support rural residential life associated with agricultural uses (e.g. row crops, forestry, horticulture, grazing, poultry, dairy, swine operations, and intensive agricultural uses in certain areas) and other rural activities. Major subdivisions of land are strongly discouraged; however, family subdivisions and subdivisions of four or less lots would be considered.

The Moore County Unified Development Ordinance states the Rural Agricultural (RA) district is a district intended to encourage the continuance of agricultural uses as well as to ensure that residential development of appropriate intensities that are consistent with the suitability of land, availability of public services, and that are compatible with surrounding development, will occur at appropriate densities to provide a healthful environment. The RA District is also intended to accommodate rural commercial activities where the use of site-specific development plans, individualized development conditions, vegetative buffers, larger lots, and the compatibility of adjacent land uses are considered to provide suitable locations for rural commerce and other rural activities.

The rezoning request aligns with the following recommendation as included in the attached Land Use Plan Consistency Statement, including Action 1.5.2: Support new developments that utilize existing or implement planned infrastructure that most economically preserves open space and important historical, natural, and cultural features.

**MOORE COUNTY FUTURE LAND USE MAP**

**RECOMMENDATION**

Staff recommends the Moore County Planning Board make two separate motions:

**Motion #1:** Make a motion to adopt the attached Approval or Denial Moore County Planning Board Land Use Plan Consistency Statement and authorize its Chairman to execute the document as required by North Carolina General Statute 160D-604.

**Motion #2:** Make a motion to recommend Approval or Denial to the Moore County Board of Commissioners of the General Use Rezoning from Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA) of one parcel of approximately 58.69 acres located at 246 Providence Chapel Road, owned by Brian Adam Johnson, per Deed Book 4996 Page 477 and further described as ParID 00007399 in Moore County Tax Records.

Land Use Plan Consistency Statement

General Use Rezoning Request

Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA)

The Moore County Planning Board finds that:

1. The rezoning request is consistent with the following goal as listed in the 2013 Moore County Land Use Plan:

   Goal 1: Preserve and Protect the Ambiance and Heritage of the County of Moore (inclusive of areas around the municipalities)
   - Action 1.5.2: Support new developments that utilize existing or implement planned infrastructure that most economically preserves open space and important historical, natural, and cultural features

2. The rezoning request is reasonable and in the public interest considering the property is located adjacent to an existing road with no outlet and the requested zoning district will remain in harmony with surrounding zoning.

3. Contributing factors in the rezoning approval are in response to managing the demand of residential growth and the lack of necessity for the non-residential zoning due to the closure of previous development.

Therefore, the Moore County Planning Board recommends APPROVAL of the General Use Rezoning from Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA) of one parcel of approximately 58.69 acres located at 246 Providence Chapel Road, owned by Brian Adam Johnson, per Deed Book 4996 Page 477 and further described as ParID 00007399 in Moore County Tax Records.

Land Use Plan Consistency Statement  
General Use Rezoning Request  
Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA)

The Moore County Planning Board finds that:

1. The rezoning request is consistent with the following goal as listed in the 2013 Moore County Land Use Plan:

   Goal 1: Preserve and Protect the Ambiance and Heritage of the County of Moore (inclusive of areas around the municipalities)
   - Action 1.5.2: Support new developments that utilize existing or implement planned infrastructure that most economically preserves open space and important historical, natural, and cultural features

2. The proposed rezoning is not reasonable and not in the public interest because the proposed rezoning will have an unreasonable impact on the surrounding community.

Therefore, the Moore County Planning Board recommends **DENIAL** of the General Use Rezoning from Neighborhood Business (B-1) & Rural Agricultural (RA) to Rural Agricultural (RA) of one parcel of approximately 58.69 acres located at 246 Providence Chapel Road, owned by Brian Adam Johnson, per Deed Book 4996 Page 477 and further described as ParID 00007399 in Moore County Tax Records.

MEMORANDUM TO THE PLANNING BOARD

FROM: Debra Ensminger
Planning and Inspections Director

DATE: December 1, 2021

PRESENTER: Jaimie Walters

REQUEST
Jeff Tucker, Vice-President of JT & JR, Inc., is requesting a Conditional Rezoning from Residential and Agricultural-40 (RA-40) & Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ) to construct a building and storage yard for a Contractor Office on an approximately 4.76-acre portion of two parcels of approximately 14.07 acres located on US 15-501 Highway, owned by JT & JR, Inc., per Deed Book 5504 Page 445 and Deed Book 5446 Page 365 and further described as ParID 00014913 and 00016274 in Moore County Tax Records.

Public notification consisted of publishing a legal notice in the local newspaper for two consecutive weeks, notification by mail to adjacent property owners, and placing public hearing signs on the property.

BACKGROUND
The entire parent property is undeveloped timberlands. Adjacent properties include a single-family dwelling, undeveloped property, and a landscaping business.

The parcels are located within the Urban Transition Highway Corridor Overlay District. While the parcels do have some freshwater forested/shrub and riverine wetlands, none are located within the rezoning area. The rezoning area is within a half-mile of a Voluntary Agricultural District. One parcel is also within the AE – 1% (100-year) Flood Zone, however the rezoning area is located approximately 200’ +/- from the closest boundary.

COMMUNITY MEETING
The community meeting was conducted at the Moore County Sports Complex Multi-Purpose Room on December 20, 2021, between 6:00pm and 8:00pm. Adjacent properties were notified by certified return receipt mail, sent on December 10, 2021. Please refer to attached report for more details.
CONDITIONAL ZONING (CZ)
Conditional rezoning affords a degree of certainty in land use decisions not possible when rezoning to a general district. Conditional Zoning Districts are established to provide for flexibility in the development of property while ensuring that the development is compatible with neighboring uses. Pursuant to NCGS 160D-703, conditional zoning districts requires the approval of a rezoning by the Moore County Board of Commissioners and approval of a site-specific development plan allowing for the development of specific land uses.

Parallel conditional zoning districts are restricted to those uses (meaning either one or multiple uses) listed in the corresponding general use zoning district.

The request shall be in compliance with all relevant portions of the UDO, except that variations from these standards may be approved by the Board of Commissioners if the site plan is submitted and determined to be suitable for the request, is consistent with the intent of the standards, and ensures compatibility with land uses on surrounding properties.

Specific additional conditions applicable to the rezoning request may be proposed by the applicant, the Planning Board, or Board of Commissioners. Only those conditions mutually approved by the county and the applicant may be incorporated into the permit requirements. If a proposed condition is unacceptable to the owner, the petition can be withdrawn, and the proposed rezoning cannot go forward. Likewise, if a condition is unacceptable to the Board of Commissioners, the petition can be denied and there is no rezoning.

Per NCGS 160D-703(b), conditions and site-specific standards shall be limited to those that address the conformance of development and use of the site to County ordinances and officially adopted plans and those that address the impacts reasonably expected to be generated by the development or use of the site.

ZONING DISTRICT COMPATIBILITY
The requested rezoning to Highway Business Conditional Zoning (B-2/CZ) is consistent with the existing uses and zoning located near the property, which includes several non-residential uses. US 15-501 Highway from Carthage to Pinehurst is in the Urban Transition Highway Corridor Overlay District. The surrounding area is zoned Residential and Agricultural-40 (RA-40), Highway Business (B-2), Office and Professional (OP – Village of Pinehurst), Residential (R5 – Village of Pinehurst) and Residential Single Family (RS-3 – Town of Southern Pines).

CONSISTENCY WITH THE 2013 MOORE COUNTY LAND USE PLAN
The future land use map identifies the property as Rural Agricultural Classification. The requested zoning to Highway Commercial Conditional Zoning (B-2/CZ) is not compatible with the Rural Agricultural Land Use Classification. However, the site to be rezoned is adjacent to both the municipal limits and ETJ of the Village of Pinehurst and the municipal limits of the Town of Southern Pines. The Urban Transition Highway Corridor Overlay’s goal is to provide attractive development along highway corridors and to keep in visual character of the nearby Towns.

The Land Use Plan states the primary use of the Rural Agricultural Land Use Classification is to support rural residential life associated with agricultural uses (e.g., row crops, forestry,
horticulture, grazing, poultry, dairy, swine operations, and intensive agricultural uses in certain areas) and other rural activities.

The Moore County Unified Development Ordinance states the Highway Commercial (B-2) district provides for the development of commercial and service centers that serve community, countrywide, or regional commercial needs, are accessible by residents from surrounding neighborhoods, and are of such nature so as to minimize conflicts with surrounding residential areas.

If the rezoning request is approved, staff recommends updating the Land Use Map to reclassify the site to the Commercial/Office/Retail/Institutional Classification.

The rezoning request aligns with the following recommendation as included in the attached Land Use Plan Consistency Statement, including Action 1.8.5: Support and promote infill development that will optimize the use of existing infrastructure and Action 3.1.2: Encourage non-residential development to locate near major transportation routes and areas served by adequate water, sewer, natural gas, broadband, and electric power.
RECOMMENDATION
Staff recommends the Moore County Planning Board make two separate motions:

Motion #1: Make a motion to adopt the attached Approval or Denial Moore County Planning Board Land Use Plan Consistency Statement and authorize its Chairman to execute the document as required by North Carolina General Statute 160D-604.

Motion #2: Make a motion to recommend Approval or Denial to the Moore County Board of Commissioners of the Conditional Rezoning from Residential and Agricultural-40 (RA-40) & Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ) to construct a building and storage yard for a Contractor Office on an approximately 4.76-acre portion of two parcels of approximately 14.07 acres located on US 15-501 Highway, owned by JT & JR, Inc., per Deed Book 5504 Page 445 and Deed Book 5446 Page 365 and further described as ParID 00014913 and 00016274 in Moore County Tax Records.

Land Use Plan Consistency Statement
Conditional Rezoning Request
Residential and Agricultural-40 (RA-40) and Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ)

The Moore County Planning Board finds that:

1. The rezoning request is consistent with the following goals as listed in the 2013 Moore County Land Use Plan:

   Goal 1: Preserve and Protect the Ambiance and Heritage of the County of Moore (inclusive of areas around the municipalities)
   - Action 1.8.5: Support and promote infill development that will optimize the use of existing infrastructure; and

   Goal 3: Maximize accessibility among living, working, and shopping areas
   - Action 3.1.2: Encourage non-residential development to locate near major transportation routes and areas served by adequate water, sewer, natural gas, broadband, and electric power.

2. Approval of the rezoning request is also deemed an amendment to the Land Use Plan Future Land Use Map by reclassifying the site to the Commercial/Office/Retail/Institutional Land Use Classification.

3. The rezoning request is reasonable and in the public interest considering the property is located adjacent to a major thoroughfare, is located within the Urban Transition Highway Corridor Overlay and has access to public water.

4. Contributing factors in the rezoning approval are in response to managing the location and appearance of commercial growth. This site is determined to be suitable for development due to its proximity to the Towns of Carthage, Southern Pines and Village of Pinehurst.

Therefore, the Moore County Planning Board recommends APPROVAL of the Conditional Rezoning from Residential and Agricultural-40 (RA-40) & Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ) to construct a building and storage yard for a Contractor Office on an approximately 4.76-acre portion of two parcels of approximately 14.07 acres located on US 15-501 Highway, owned by
JT & JR, Inc., per Deed Book 5504 Page 445 and Deed Book 5446 Page 365 and further described as ParID 00014913 and 00016274 in Moore County Tax Records.

Conditional Rezoning Request
Residential and Agricultural-40 (RA-40) and Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ)

The Moore County Planning Board finds that:

1. The rezoning request is consistent with the following goals as listed in the 2013 Moore County Land Use Plan:

   Goal 1: Preserve and Protect the Ambiance and Heritage of the County of Moore (inclusive of areas around the municipalities)
   - Action 1.8.5: Support and promote infill development that will optimize the use of existing infrastructure; and

   Goal 3: Maximize accessibility among living, working, and shopping areas
   - Action 3.1.2: Encourage non-residential development to locate near major transportation routes and areas served by adequate water, sewer, natural gas, broadband, and electric power.

2. The proposed rezoning is not reasonable and not in the public interest because the proposed rezoning will have an unreasonable impact on the surrounding community.

Therefore, the Moore County Planning Board recommends DENIAL of the Conditional Rezoning from Residential and Agricultural-40 (RA-40) & Highway Commercial (B-2) to Highway Commercial Conditional Zoning (B-2/CZ) to construct a building and storage yard for a Contractor Office on an approximately 4.76-acre portion of two parcels of approximately 14.07 acres located on US 15-501 Highway JT & JR, Inc., per Deed Book 5504 Page 445 and Deed Book 5446 Page 365 and further described as ParID 00014913 and 00016274 in Moore County Tax Records.

**Proposed rules, regulations, condition[s] for the proposed district that address the impacts expected to be generated by the development or use of the site:**

Property Consists of three parcels:
- PAR ID 00016274 - Current Zoning B-2, 2.07 AC
- PAR ID 00014913 Current Zoning RA-40, 12 AC - this would have split zoning VOP R-5 Residential
- PAR ID 00018699 Current Zoning RA-40, 3.182 AC

Parcels would be recombined into one and only the area the site is on is to be changed to B-2 CD (See the concept plan) and all other parcels to remain as they are currently zoned.

**Statement of reasonableness of the proposed conditional zoning. The statement shall include, but not be limited to the following:**

1. The conditional rezoning compatibility with the County Land Use Plan and other adopted plans of the County.
2. The conditional rezoning compatibility with the existing land uses on abutting and neighboring tracts.
3. The benefits and detriments of the conditional rezoning for the subject property, neighboring properties and the surrounding community.

The property(s) will be compatible with the surrounding land uses in that one of the subject parcels is currently zoned B-2, B-2 zoning for the Landscape company across 15-501 with surrounding VOP zoning districts of OP and R-5 (high-density residential). The land use being proposed is for a general contractor's office on the combined 17 acres. While the zoning may appear to be intense the site has a flood zone and wetlands to the south that will not be developed. The conditional zoning proposed for the property will occupy approximately 6 acres of the 17 available acreage (35%). All buffer standards and setbacks per the UDO will be met as well as associated landscaping requirements.
I (We), the undersigned, certify that all statements furnished in this application are true to the best of my [our] knowledge, and do hereby agree to follow all reasonable requests or information as designated by the County of Moore Zoning Administrator.
