MOORE YOUTH SERVICES

ADVENTURE CHALLENGE

Life is an **Adventure** and it is worth taking
the **Challenge** to live it to its fullest!

Challenge for a Lifetime!

Program Design

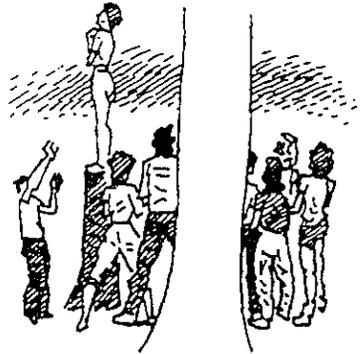

Adventure Challenge individually designs a workshop tailored for the group's goals and needs. A learning program is developed which challenges participants to go beyond their perceived boundaries, to participate more effectively with co-workers or classmates to solve problems, and to experience organizational success.

This workshop teaches both theory and skill through group discussion, team building activities and problem solving initiatives, providing opportunities for personal and professional growth.

What is a Challenge Course?

A challenge course is a series of individual and group physical challenges that require a combination of teamwork skills and individual commitment. These challenges are designed to increase the levels of trust, cooperation and communication within the group.

TRUST BUILDING

Workshop Outcomes

- ☑ To build positive self esteem in participants
- ☑ To encourage group trust building
- ☑ To develop leadership skills and group cooperation
- ☑ To improve problem solving skills
- ☑ To enhance communication skills

PROBLEM SOLVING

Workshop Facilitators

Facilitators are provided by Moore Youth Services who operates a Juvenile Restitution and Teen Court Program for youthful offenders in Moore County. By participating in the workshop, not only will the organization gain new and enhanced skills to improve job quality, but the organization will be helping young people get their lives back on track and repay their debt to society.

Moore Youth Services' facilitators are trained through Project Adventure, Inc. With over a two decades of combined experience, the facilitators are able to lead the workshop participants into the desired goals of the organization.

Moore Youth Services is pleased to offer Adventure Challenge to businesses, organizations, community and school groups and agencies. Please call for pricing details and additional information about the workshop.
